# U. N. Heads Into Discussion Over Far East Crisis

## KREMLIN IS UPSET OVER IKE ACTION

By ANGELO NATALE

MOSCOW (AP)—The Kremlin reacted sharply today to President Eisenhower's rejection of Premier Khrushchev's warning on the Far East crisis. It said the rejection shows American authorities don't want to "listen to the voice of reason."

The abrupt return of the Khrushchev note was held to show that American circles give little consideration to "popular demand for putting an end to the policy of saber rattling which is carrying the world to the brink of war."

Diplomatic observers commented that shortened tempers in both camps threatened to plunge Soviet-American relations to a new low.

The Soviet government issued its criticism through the official Tass news agency after Khrushchev's Sept. 19 note—labeled unacceptable at the White House because of its strong terms—was turned back to the Foreign Ministry by a U. S. Embassy messenger.

Khrushchev had warned Eisenhower to withdraw U. S. forces from Formosa immediately or risk their forcible expulsion by Red China. He called for American recognition of the Peiping regime.

(Moscow radio quoted today's edition of the Communist party newspaper Pravda as saying rejection of the Khrushchev note was "a violation of the generally accepted rules" of diplomatic relations. "The organizers of military provocation could not help seeing the tremendous influence this document (the Khrushchev letter) had on the minds of men," Pravda added.)

(Pravda said ruling American circles were "particularly annoyed" because Khrushchev had declared the United States would have to get out of Formosa and the offshore islands or be driven out by the Red Chinese.)

The rejection, which the White House based on consideration that the note was intemperate, abusive and personally insulting to the President, also drew a denunciation from Red China.

## Severe Flooding Follows Rains in South Texas

ORANGE, Tex. (AP)—Downpours soaked the entire southern third of Texas Sunday, causing severe flooding here and scattered flooding east and south across the state.

Fourteen inches of rain fell in this southeast Texas city in nine hours, virtually isolating the town and chasing about 150 persons from their homes.

Rain at Eagle Pass, about 300 miles to the west, closed or made road sand highways dangerous.

No deaths and only one minor injury were reported.

Water on some downtown streets rose nearly to the tops of some parking meters.

A serious flood condition also built up in Beaumont, about 30 miles west of here. About 90 homes were flooded up to five feet deep as water stopped over a levee on a canal. National Guardsmen took families from the area.

## Four Men Drift on Raft to Hawaii From the West Coast

HONOLULU (AP)—An adventurous Mormon elder and his three young crewmen—who drifted to Hawaii from California aboard the raft Lehi IV—flew here today from the island of Maui.

Skipper De Vere Baker, 42, boat-builder from Petaluma, Calif., near San Francisco, will be reunited with his wife Nola and three children, who are flying from the mainland.

The raft arrived off Maui Saturday afternoon after a 69-day voyage from Long Beach, 2,100 miles to the east. When Baker and his bearded crew and their dog Targoraa were sighted, they were down to their last four

By Associated Press

Extended forecast for Tuesday, Sept. 23, through Saturday, Sept. 27:

Western Pennsylvania, western New York and West Virginia: Temperature will average 2 to 5 degrees above normal, warmer Tuesday and Wednesday, cooler Thursday or Friday. Rain or showers beginning Wednesday may average 1½ inches.

## ADAMS WILL BROADCAST HIS DECISION

By MARVIN ARROWSMITH and ED CREAGH

NEWPORT, R. I. (AP)—Sherman Adams will make a nationwide television-radio address tonight from Washington to announce whether he is going to resign or stay as President Eisenhower's chief aide.

The announcement of Adams' plans came after he held a dramatic surprise conference with Eisenhower at the summer White House.

Reports circulated that Adams was bowing to Republican clamor and had resigned, but neither Adams himself nor James C. Hagerty, Eisenhower's secretary, would say.

Adams flew from Washington this morning to Quonset Point, R. I., across Narragansett Bay from the President's vacation headquarters then he switched to a waiting copter for the short hop across the bay.

The 59-year-old Adams has acknowledged accepting expensive gifts and favors from Goldfine at a time the wealthy industrialist's firms were in trouble before federal regulatory agencies.

But Adams also has denied he ever exerted an influence in behalf of Goldfine. He said he made only routine inquiries.

Hagerty and half a dozen newsmen were waiting for him on the lawn in front of the U. S. naval base administration building today as the whirlybird put down near the water's edge.

Eisenhower arrived at his office just five minutes before Adams stepped from the Marine helicopter. Presumably Eisenhower and Adams met at once.

## Sharon Man Is Heart Victim in Parking Lot

SHARON, Pa. (AP)—John Fitzpatrick, 73, of Sharon, was found dead in a parking lot Saturday night after suffering a heart attack and being run over by an auto.

Fitzpatrick's body was found in a lot at the Sky Club in Ohio near the Pennsylvania state line. C. T. Reinsel, the Mercer County Pa., coroner who helped Ohio officials investigate, said Fitzpatrick had suffered a fatal heart attack, then was struck by a car.

cans of spinach and tomatoes. The raft was towed into port at Kahului by a tuna boat. All the mariners were in good condition.

Asked what his trip proved, Baker told newsmen: "The Coast put it very nicely when they congratulated us on proving Hawaiians thousands of years ago came from the Americas, the same way we did."

With Baker were Larry Fogelino, 31, a UCLA psychologist; Don McFarland, 27, University of New Mexico student; and Ed Kekusla, 27, a Brigham Young University dental student. Earlier attempts by Baker to drift to Hawaii had failed.

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—The next few days may bring the peak of crisis in the U. S.-Communist bloc conflict over Formosa. There is grave doubt here as to whether peaceful diplomacy can produce a solution.

Events pressing the crisis toward a showdown this week are these:

1. Resumption today in Warsaw of negotiations between Red Chinese ambassador Wang Ping-nan and U. S. envoy Jacob Beam. Both the United States and Red China have hinted at concessions but the strings attached to each are totally unacceptable to the other side. If any real concessions are to be made, some sign of them should become apparent this week.

2. United Nations Assembly action on Red China's bid for membership in the U. N. The Assembly has yet to act on its Steering Committee's decision to shelve the Red Chinese bid for another year. The debate could throw light on the opinion of various governments about the Formosa crisis issues and Red China's international future.

3. Reaction of Soviet Premier Nikita Khrushchev to President Eisenhower's indignant return of Khrushchev's Friday letter, which told Eisenhower to pull U. S. forces out of the Formosa area or risk having them thrown out by the Chinese Reds. The White House rejected the document as intemperate, abusive and personally insulting to the President.

Initial Soviet reaction took a tough line. The news agency Tass carried a statement saying return of the letter shows a lack of U. S. desire to listen to the voice of reason. It referred to U. S. policy as "saber rattling which is carrying the world to the brink of war."

Diplomats wondered whether Khrushchev would let the matter end there, or take some new personal step to sound warnings and threats against the United States.

Apart from these developments in the diplomatic field, there is the continuing danger of a United States-Red Chinese military clash around the embattled island of Quemoy.

## White House Will Get Secret File On Crisis Today

NEWPORT, R. I. (AP)—President Eisenhower today gets a confidential report sizing up chances for easing the Far East crisis on the basis of the United States-Red China talks at Warsaw.

The report is being brought from Washington by Brig. Gen. Andrew J. Goodpaster, White House staff secretary whose job includes handling national security matters.

The document is a detailed account of negotiations which U. S. Ambassador Jacob D. Beam started a week ago in Poland with Chinese Communist Ambassador Wang-Ping-nan.

Eisenhower has been getting summary reports regularly at the summer White House. This new paper reviews the two sessions held last week and analyzes prospects for progress as the talks resume in Warsaw today.

Eisenhower discussed the Far East picture by telephone with Secretary of State Dulles Sunday in the wake of the President's blunt rejection of Soviet Premier Nikita Khrushchev's latest note to him. The United States fired the message back to Moscow, calling it full of falsehoods, abuse and threats, and therefore unacceptable.

## Thirteen Lose Lives on Highways in the State

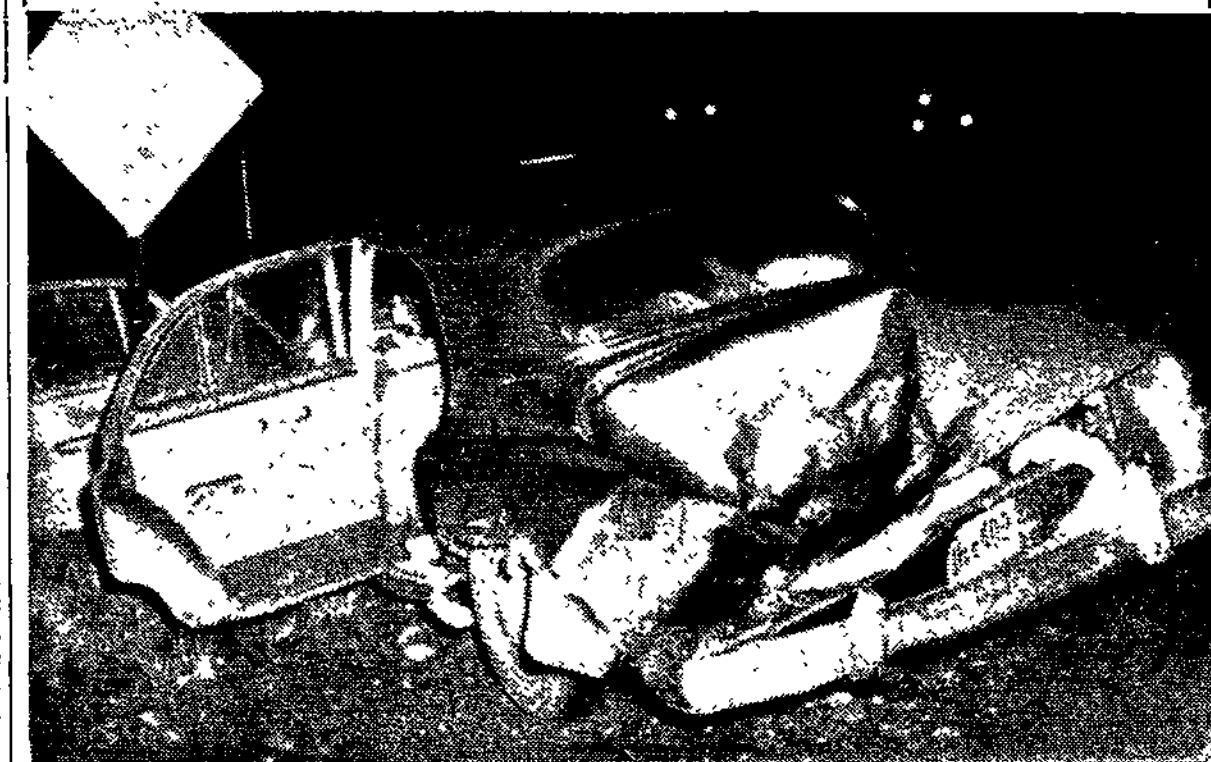

By THE ASSOCIATED PRESS

At least 13 persons died accidentally in Pennsylvania over the weekend, 10 of them on the highways.

The other victims were a boy who fell 30 feet from a platform at an observatory; a young man who was crushed to death in a steel plant accident, and an elderly man who was hit by a train.

The worst traffic accident took the lives of a man and a woman when their cars collided Sunday near Shenandoah. Two others were injured seriously.

## Integration Test Is in Making at Van Buren, Ark.

By THE ASSOCIATED PRESS

Another integration test appeared in the making at Van Buren, Ark., today while Little Rock pupils studied lessons on television and youngsters in some Virginia localities considered attending temporary facilities.

More than 6,000 pupils in the two states were affected by orders closing some of the schools. Indications were an additional 10,000 would be idled at Norfolk next week.

In Van Buren, Negroes planned to try to re-enter public schools from which they were barred two weeks ago by jeering, threatening white pupils.

Eleven Negroes were enrolled at Van Buren High, five at Van Buren Junior High. They have not been present since Sept. 5, however, when some 45 white youngsters boycotted integrated classes at the high school. The Negroes stayed away and the boycott soon ended.

The decision to return was taken after U. S. Dist. Judge John E. Miller declined to order the School Board to resume integration. He indicated such an order was unnecessary and that the Negroes could go back without it. At the same time he assured all concerned they could seek further action from him if difficulty arose.

At Lexington, Ky., Theodore R. McKeldin, pro-integration governor of Maryland, suggested the Southern Governors Conference should go on record as favoring desegregation in public classrooms.

Gov. Orval E. Faubus of Arkansas told newsmen he had no objection to the McKeldin suggestion but thought it improper for other states "to express opinions on our affairs in Arkansas."

He said integration would have proceeded peacefully and more rapidly in his state if there had been no force or threat of force and blamed the NAACP for the conflict now existing there.

Back in the Arkansas capital, the Little Rock School Board went ahead with a makeshift program of education by television, with three commercial stations donating two hours each day.

## Submarine Skate Back From Transpolar Trip

BOSTON (AP)—The atomic-powered submarine Skate returned today from a transpolar voyage during which she set a world's record by steaming for 31 days on an 8,000-mile cruise without surfacing.

Rear Adm. Hyman G. Rickover, "the father of the atomic submarine," and other dignitaries greeted the sub which sailed under the polar ice cap Aug. 11. Skate made Boston her initial stop in this country in returning to her Groton, Conn., base. She left New London, Conn., July 30.

Adm. Rickover went down the harbor by tug to welcome Skae and her skipper, Cmdr. James F. Calvert, 37, of Mystic, Conn.

Families of Skate's 10 officers and 82 enlisted men were on hand. After her polar trip, Skate visited Norway, the Netherlands, France and Belgium. She left Zeebrugge, Belgium, Sept. 12.

An Ohio State University senior became Warren County's sixth traffic fatality of the year about 3:45 a. m. Saturday when the car in which he was riding collided with a tractor-trailer at the intersection of Kiantone Road and Route 62.

John J. Diamond, 25, of 475 Crescent street, Jamestown, was reported dead on arrival at WCA Hospital, Jamestown, where he was taken following the wreck by Russell Fire Department ambulance.

Reported in "satisfactory" condition at WCA Hospital is Norman Seagren, 26, also of Jamestown. Seagren, who was driving the death car, and Diamond were both thrown to the pavement by the force of the impact.

Warren State Troopers Paul Dell and John Mars who investigated said the Seagren car was heading north when it failed to make the sharp turn approaching Akelley Bridge. The officers said the 1949 Chevrolet sedan first struck the left front fender of the empty tractor-trailer driven by Marshall LaFave, 42, of RD 1, Eden, N. Y.

The machine then spun clockwise so the front of the truck bashed into the left rear of the car. Damages were estimated at \$400 to the car, \$250 to the truck. The van was traveling from Hamburg, N. Y. to Butler.

Seagren suffered possible back injuries, brush burns of the knees, legs and hands.

Mr. Diamond was born Oct. 25, 1932, in Jamestown, the son of John and Christine DeMaio Diamond. He attended Jamestown High School, Jamestown Community College, and was a senior at Ohio State University, Columbus, Ohio.

He was a member of St. John's Roman Catholic Church. Mr. Diamond served about two years with the U. S. Army during the Korean conflict, and had been stationed in both Korea and Japan.

## French Communists Are Fighting De Gaulle

PARIS (AP)—French Communists have won direct support from Nikita Khrushchev in their campaign against Premier De Gaulle's proposals for a new French constitution.

The Soviet Premier-party boss professed in a declaration broadcast Sunday by Radio Moscow to see the danger of a Fascist dictatorship arising from the move to strengthen France's government.

His blast came as De Gaulle stumped eastern and northern provinces on behalf of the constitution, up for a vote Sunday. There was scattered violence in widely separated areas.

## U. A. W. Dickering With Chrysler and General Motors

DETROIT (AP)—The United Auto Workers Union with a strike threat poised over General Motors and Chrysler, today resumes efforts to have the two companies sweeten their contract offers and avert a walkout.

GM and Chrysler offered to the UAW Saturday three-year contracts almost identical to the one which Ford and the UAW agreed on Wednesday.

UAW President Walter Reuther said he would not accept from GM or Chrysler a carbon copy of the Ford settlement, but he indicated the offer made Saturday supplied a basis from which to work for ultimate settlement.

The UAW has an 11 a. m. Sept. 30 strike deadline at GM if no contract agreement is reached. Reuther and other top officers of the UAW have been given authority by the union to call a Chrysler strike whenever they feel it necessary.

Reuther said that since GM has four times as many plants and nearly four times as many workers as Chrysler there are many more local problems at GM and that makes negotiation a slower process.

## Johnstown Janitor Is Dead From Stab Wounds

JOHNSTOWN, Pa. (AP)—A 76-year-old janitor died Sunday of bronchial pneumonia which the coroner said resulted from stab wounds inflicted by an unidentified person.

John Plack of Johnstown suffered skull and jaw fractures and was stabbed with an ice pick a number of times while working in the Flood City Theatrical Club Aug. 21.

Coroner Joseph Govekar said Plack was working alone in the closed club when he was wounded. The coroner said there are no suspects and no motive has been established.

## Plan To Do Away With Retirement Age Rules

HARRISBURG (AP)—A proposal before Gov. Leader today would remove all age barriers in retiring of state workers.

The State Advisory Board on Problems of the Older Worker requested that the governor issue an executive order making it impossible for a worker to be "compelled to retire because he has reached an upper age limit of any kind."

There is presently no state policy on retirement of older workers.

## Held for Shooting of A 66-Year-Old Man

MEADVILLE, Pa. (AP)—A Pittsburgh woman was being held in the Crawford County Jail today on charges of critically wounding a 66-year-old man.

Miss Margueriet Schmitt, 24, was charged with assault with intent to kill and held without bond. State police said she shot Giovanni Marsili in the stomach and leg during a quarrel in his home at Conneautville R.D. 2, Friday.

WASHINGTON—Peak of crisis expected in next few days; grave doubt as to whether peaceful diplomacy can produce a solution.

By WILLIAM N. OATIS

UNITED NATIONS, N. Y. (AP)—The 13th U. N. General Assembly at its meeting today headed into its first big debate on the air, artillery and gunboat clashes that have whipped up a war froth over Quemoy.

The immediate issue was the Steering Committee's recommendation that the Assembly bar until next year any discussion of the seating of the Red China regime in the U. N.

But many speakers were expected to bring up the clashes between the mainland forces and the U. S.-backed Chinese Nationalists holding the offshore islands and Formosa.

Officials said the question of putting the seating of Red China on the agenda was not likely to come to a vote before tomorrow noon.

A U. S. resolution endorsed by the 21-nation steering body Friday would have the Assembly: 1. Reject India's request that the agenda include the "Question of the Representation of China in the United Nations."

2. Decide not to consider at this session any proposal to exclude Chinese Nationalist or seat Chinese Communist representatives.

U. S. informants conceded that this year's resolution would get a little less than last year's vote of 47-7 with 7 abstentions.

Two countries that voted for last year's resolution, Greece and Mexico, abstained when the Steering Committee recommended the same proposal this year by a vote of 12-7 with 2 abstentions.

Asst. Secretary of State Francis O. Wilcox said the United States reserved its right to put the Formosa Strait issue before the Assembly or the Security Council if the Warsaw talks between Communist Chinese and U. S. ambassadors did not prove fruitful.

Interviewed on television, he said the United States may be able to tell next week whether the talks are going to produce a cease fire. He later told a reporter that unless Communist

PHILADELPHIA (AP)—The most successful Pittsburgh Pirates baseball team in 14 years resumes action tonight in a two-night doubleheader against the Phillies.

The Pirates' were eliminated from the National League race Sunday even though their doubleheader with the Phils were rained out. The world champion Milwaukee Braves killed off the Pirates' last mathematical chance by defeating Cincinnati.

The Pirates assured themselves of the second spot—highest since the 1944 runner-up team—by whipping the Phillies Saturday.

Ronnie Kline and George Witt are scheduled to work tonight against Seth Morehead and Jack Sanford.

## Record Fire Call Is Finally Finished at Spokane, Wash.

SPOKANE, Wash. (AP)—With a pair of fire-engine-red long Johns flying as her standard, a proud but pooped 1921 hook and ladder fire truck pulled in here Sunday completing what was billed "as the longest fire call in history"—a 3,325-mile trip from State College, Pa.

The 55-foot-long rig was 18 days making the call—five of them spent being patched and plastered to continue the pace. She made a 20-hour non-stop, 21-mile-an-hour dash from Boise, Idaho, after a burned-out exhaust valve was replaced Saturday.

The fire truck made the trip to advertise Spokane as the "hottest sports center in the nation," to

call attention to Fire Prevention Week, Oct. 5-11, and to beat the drum for the Spokane Interstate Fair.

She arrived in time for final-day display at the fair Sunday, still splattered with mud from the Boise-Spokane run.

Dan W. Eagle, a fair director, plus vacationing firemen, Capt. Gene Pruitt and Ted Mills, manned the truck on the cross-country trip.

The drivers were even a little boastful about the old girl's get-up-and-go. "Heck," said Mills, "We were able to pass two vehicles. One was horse-drawn buggy in Pennsylvania and the other was a nearly stalled construction truck."

## Report Says 'Womanpower' Need To Maintain Economy

WASHINGTON (AP) — If all the nation's working wives quit their jobs, the economy would collapse.

The National Manpower Council says this and adds that without this womanpower "we would not be able to perform the essential services needed."

The council's forecast is that more and more married women workers—they now number about 13 million—will be called into the labor force.

The council, established by the Ford Foundation, has just published a 220-page book "Work in the Lives of Married Women." It is based on a womanpower confer-

ence of more than 80 experts held last year.

The experts said so far there is no indication of any relation between employment of mothers and juvenile delinquency or maladjustment of children. They also said the fact that a wife works can't be blamed for the breakup of a marriage.

The experts said there's been a womanpower revolution and no matter what is thought of mothers working "it's hard to reverse a revolution."

They cited lots of reasons why married women work besides keeping the wolf from the door: it helps buy TV sets, cars, medi-

cal care. But whatever the reason, the council said its helping attain "a generally more desirable standard of living."

They are worried, however, that society will take advantage of the benefit in women's work but "not be sufficiently sensitive to the accompanying problems of child care and development."

The council said it is evident "the ways and means of caring for the children of working mothers are inadequate" especially in lower-income families. It said further that public interest in remedying the situation is slight.

The experts felt women with children under 6 couldn't really expect to hold down a full-time job and give proper care to their children.

They suggested some maternal support program might be needed to help the young mother who otherwise might have to go to work to keep the wolf from the door.

## \$2,015,019 for Penna. in Fed. Aid for Schools

HARRISBURG (AP) — Pennsylvania will get \$2,015,019 as its initial share of federal aid for its public school system under the recent national defense education act.

Dr. Charles H. Boehm, superintendent of public instruction, and representatives of other states, met in Washington Friday with Lawrence E. Derthick, U. S. commissioner of education, to spell out their plans, as required by the act, for utilizing the federal money.

Boehm disclosed Pennsylvania's initial allocation — part of some \$214 million over-all for four years—after the meeting. He said most of it—\$939,795—would go for the purchase of equipment for use in the instruction of mathematics, science and foreign languages. The balance goes for guidance and testing programs, purchase of audio-visual aids and expansion of vocational education. The initial aid is for a period up to next March 1.

The superintendent said Derthick told the group the federal government will give the states every possible leeway in spending the money within the provisions of the act.

### 1st Horse Theft in Years Is Reported

The first horse theft to occur in Warren County in years took place sometime Friday night when a chestnut gelding was snatched from the corral of Dr. R. F. Otterbein on Conewango avenue extension.

The animal was found about noon Saturday by Chief Deputy Don Allen, Jr. It has been tethered about a quarter mile away at State Hospital barns.

According to the deputy, the persons who took "Major," a former circus horse, had a difficult time controlling it. Tracks were found to the corral indicating that the animal had to be tied to a post and fed oats before it could be saddled and ridden off.

Officers are enlisting the aid of anyone who may have seen the horse during the early Saturday morning hours.

## Car Thief Finally Waives Extradition

The man who stole a car from a man who befriended him waived extradition in Bath, N. Y., Friday and voluntarily returned to Warren to face charges of larceny of a motor vehicle.

Gilbert Davis, 25, of Saxapahaw, N. C., was to have been arraigned for a hearing when Police Chief Mike Ewan and District Attorney Samuel F. Bonavita arrived in Steuben County, N. Y.

However, the man had a change of heart and decided to come back and dispense with further proceedings.

He pleaded guilty when arraigned before Peace Justice Martha Lawson and was recommended to Warren County Jail in lieu of \$2,000 cash bail.

While in local custody, Davis admitted he had broken into a Coudersport grocery store just prior to coming to Warren. He and a friend took the empty cash register and threw it into the river behind the store, but did make off with 14 cartons of cigarettes, two of which were sold in local bars.

Sheriff Holcomb of Potter County and State Trooper Robert Baughman of the Coudersport barracks were in town Saturday to question the man about his activities there.

Davis was apprehended in Painted Post, N. Y., as he attempted to sell accessories of Oliver Proper's convertible for gas. Proper had invited the man, a chance acquaintance, home to sleep. He awoke early in the morning to find much clothing, a record player, his wallet and car missing.

## PUC Holds Hearing On Changes in Bus Service in Area

ERIE—Officials of the Greyhound Lines and the Allegheny Lines submitted separate petitions at a Public Utility Commission hearing Friday in the Erie County Courthouse concerning bus service between Erie, Titusville and Oil City and between Erie and Towanda.

The Greyhound firm petitioned the PUC for permission to discontinue bus service between those points. The Allegheny firm of Warren requested the franchise to operate the same routes Greyhound wishes to abandon.

Testimony was heard by both parties, and a tape recording was made. The material will be sent to Harrisburg for further study by the PUC. A ruling is expected to be handed down within 30 to 60 days. No one appeared to oppose the move.

S. G. Loomis and C. W. Johnson of Warren, co-owners of Allegheny Lines, were present at the hearing to submit their petition to the commission.

Representing the Greyhound Lines were George Bax of Erie, district supervisor, and Mr. Hotchkiss of Buffalo, Greyhound's regional manager.

Mr. Loomis and Mr. Johnson also are owners of the Warren City (Bus) Lines.

This new corporation proposes to provide bus transportation from Erie to Union City, Titusville and Oil City and from Erie to Cory, Warren, Bradford and Towanda, if permission is received from the state.

Another incorporator in the Warren firm is Clara Leonhart of Warren, who works in the office there.

The Warren firm also applied for interstate rights to haul passengers. The company owns a number of buses and plans to buy more if the application to the PUC is approved.

## Two Injured, One Cited In Weekend Accidents

A reckless driving charge and two relatively minor injuries were chalked up in the local weekend automobile accident picture.

Mary Johnson, 72, of 204 West Third avenue, sustained left elbow and face contusions, plus face and body bruises about 2:45 p. m. Friday when she was knocked down by a car backing from a driveway at 108 West Third avenue.

Police said the lady was walking her dog east on Third when she was run down by a car being backed from the driveway by John Cashman, 20, of 108 West Third avenue. She was treated on the scene by a local physician.

Mrs. Florence Croft, 48, of 214 Rural Drive, Butler, sustained a sprained back about 1:40 p. m. Saturday when the car in which she was riding was struck from behind.

Police said Raymond M. Croft, 49, the woman's husband, was proceeding east on Pennsylvania avenue when he stopped to turn left onto Market street. Hitting the rear of the Croft machine was Lee Peoples, 52, of Youngsville. Damages were estimated at \$100 to the Croft sedan, \$45 to the Peoples' car.

Mike Onufer, 42, of ED 2, Russell was cited for reckless driving about 12:22 a. m. Sunday when he struck a parked car as he headed east on Pennsylvania avenue near Averill street. Officers stated his machine struck the rear of a vehicle owned by Buidette Hook, 17, of RD 1, Clarendon. Damages were estimated at \$100 to Onufer's machine, \$50 to Hook's.

## VIEWING HARRISBURG

By LEONARD A. UNGER

HARRISBURG (AP)—The recent debate between Gov. Leader and Rep. Hugh Scott made one thing plain. The hallowed niche in American political history occupied by the Lincoln-Douglas debates won't be disturbed. Neither the Republicans nor the Democrats are quite pleased about the way the debate came off despite the public service gesture of a Harrisburg television station (WTPA) in giving a half hour of free time.

For one thing, everything but the kitchen sink in the way of a political issue was crammed into a space of 30 minutes. Justifiable questions were raised by both senatorial candidates and never answered.

Scott started off with a series of more than a dozen questions on issues ranging from recognition of Communist China to nationalization of public utilities in Pennsylvania.

Any one of them could have taken a full half hour's reply. As a consequence, Leader ignored most of them.

And the governor wanted until the very last moment of the program to make a charge that the Philadelphia Republican took a \$2,000 fee for seeking a pardon for an alien with a long criminal record.

The statement, although obviously engendered by Scott's previous accusation that the current State Pardons Board released "hundreds of murderers and hardened

were estimated at \$100 to Onufer's machine, \$50 to Hook's.

criminals," came too late for Scott to answer on the air.

Hedged by time restrictions, both candidates spoke so rapidly that the television audience could scarcely keep up with the jumble of figures and slurred phrases.

And to the viewer uninitiated on federal and state political issues it must have seemed like a deluge of words with no meaning at all.

It was interesting to note that both Republicans and Democrats in the top echelons said privately that neither candidate had edge over the other.

And to the political pros the session turned out to be an example of why they have opposed the televised debate as a forum for airing political differences.

A political debate, in the eyes of many non-partisan observers, should be conducted on the basis of a series of at least a half dozen sessions, each one limited to a particular issue.

With a format calling for questions and answers between the two candidates, neither could duck a query unless he had a reason convincing to his audience.

## Report Card Shows That Congressmen Are Talkative

By ARTHUR EDSON

WASHINGTON (AP)—As every devoted follower of Congress knows, it takes a heap of talking to make a bill a law.

The latest Congressional Record confirms this loquaciousness, for it includes a final report card on the 85th Congress.

Sure enough, this was one of the most talkative in years. It generally isn't realized that long after the statesmen have departed, their echoes linger on in new issues of the Record. Like an ardent lover, who can't bear to seal the envelope without one p. s., a congressman yearns to jot down one more parting thought.

Like the ardent lover, too, a congressman tends to overstate his case.

A careful reader will note a message that seems to run through the pleas. "Now, are you lucky voters going to return me to Washington—are you going to allow this country to go to the dogs?"

But these self-love pats aren't what attract us devoted followers of Congress. No, it's a single page of statistics, "A resume of congressional activity," that draws our attention.

Here are such droll facts as how long the senators talked, to the minute, without a worry as to what they said and who, if anyone, listened. How many bills were tossed into the hop-

per, counted impartially from the most important to the silliest. How many bills became laws with no fretting over whether they were good or bad.

It is well known now that 98 senators, who have few rules limiting debate, invariably out-talk 435 representatives, whose time is severely rationed.

But even by glibby senatorial standards, this last Senate stood out.

It began by talking away for 860 hours and 44 minutes in its first session last year, and then returned in 1958 to talk 1,014 hours and 45 minutes in the session that wound up Aug. 24.

For comparison, the House met for only 562 hours and 12 minutes during the last session.

Let's be fair about this, though. Considerable work was done.

More than 20,000 bills and resolutions were introduced. Mostly in committees, whose long hours of work don't show up on any chart, these were either cultivated or plowed under. Around 1,700 finally became laws.

One surprising statistic:

A president can veto an act of Congress, which then, by a two-thirds vote, can make the bill a law over the veto.

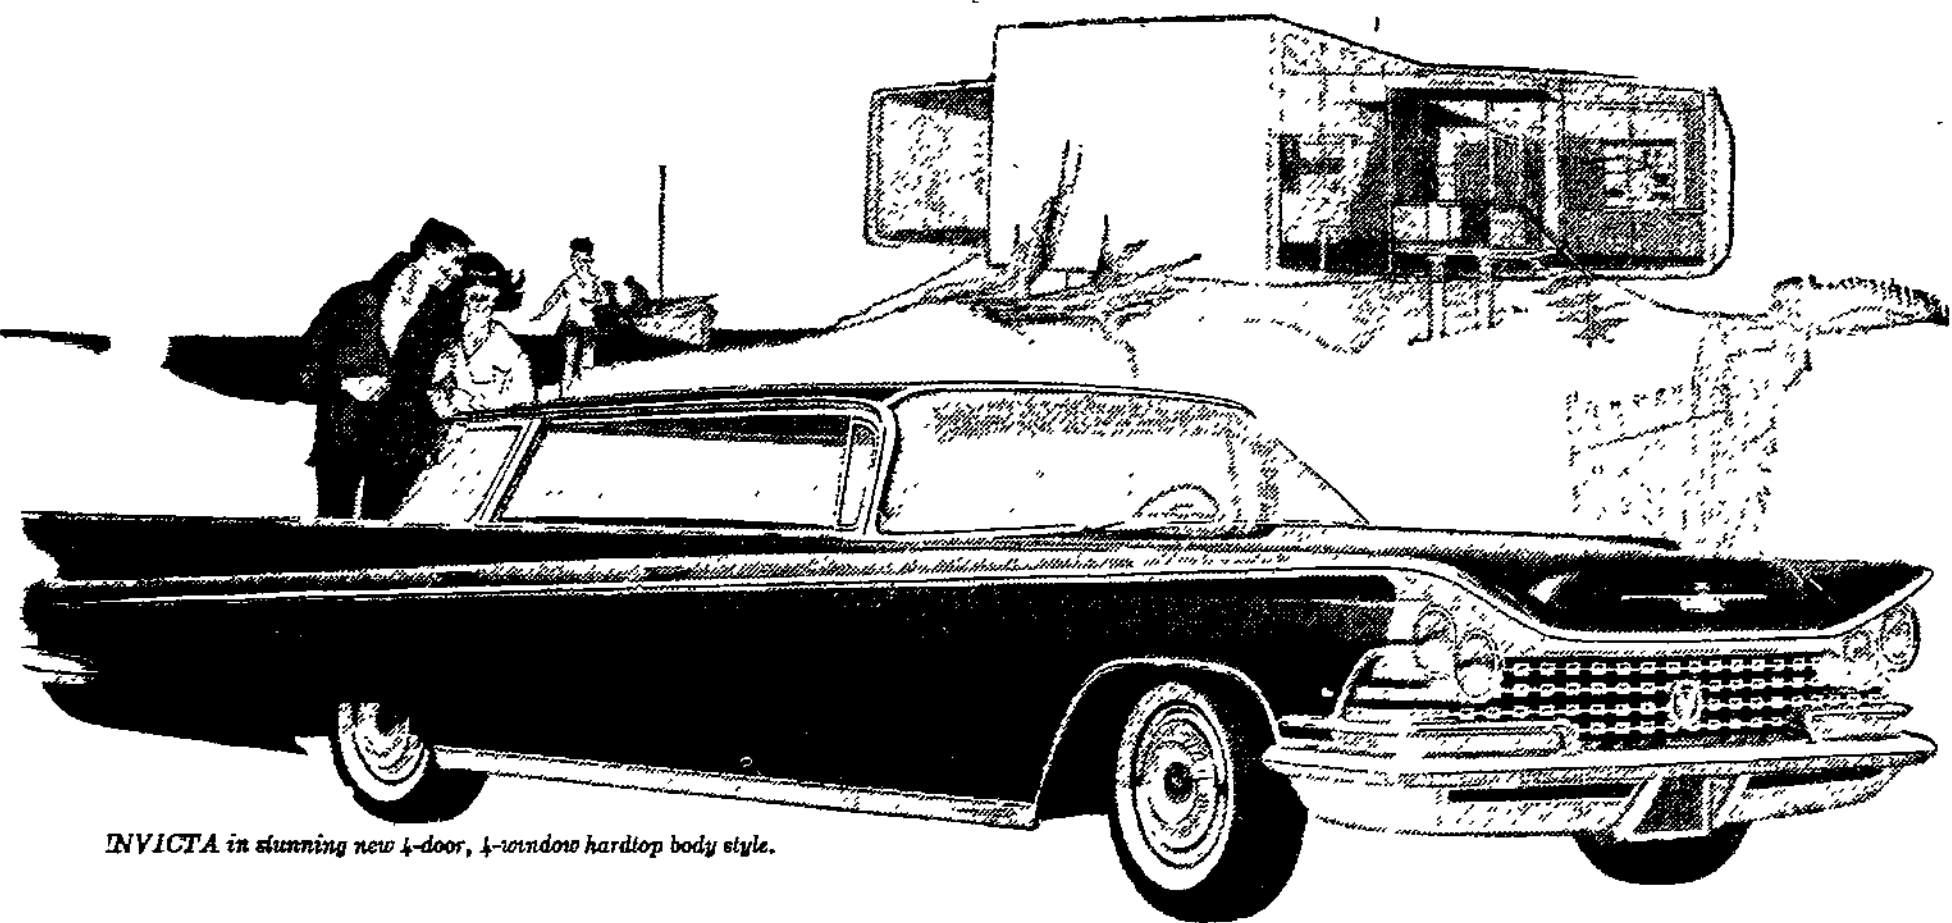

So far, President Eisenhower has vetoed well over 100 bills. Not once has his veto been overridden by Congress.

## WELL-READ PRESIDENT

The public image of a man of prominence often is far out of focus. Notions about him take hold, and soon have the force of legend.

Of President Eisenhower it is nowadays frequently said that he is a man who has quite modest intellectual attainments and who limits his reading largely to detective stories and Westerns.

But a former speech writer and special aide to the President, Arthur Larson, sharply questions the accuracy of this image.

Interviewed on ABC-TV by Mike Wallace, Larson said Mr. Eisenhower does his share of "profound reading" and shows familiarity with history, biography, philosophy and literature. He described the President as an "accomplished Lincoln scholar."

He also said it might be a good idea for doubters to read Mr. Eisenhower's book, "Crusade in Europe," which he appraised as detailed, interesting and very thoughtful in its concluding pages.

Naturally, Larson's is not the final word. Historians will set that down when they have access to the views of many who have known the President closely. But certainly Larson has indicated that glib labeling is a bad and possibly quite misleading practice.

## "POLICE MEMORIAL DAY"

Throughout the United States Wednesday will be proclaimed as "Police Memorial Day" to honor law enforcement officers killed or injured in the line of duty during 1958.

The National Police Officers Association of America sponsors the movement which will hold a special awards dinner in the city of Washington, D. C., at 7:30 in the evening in the Everglades Room at the Annapolis Hotel, to honor the memory of its honored dead and to make presentation posthumously of the Medal of Merit for Valor to 24 officers gunned down by lawbreakers in all sections of the country.

The Medal of Merit for Valor program was started in 1956 for the purpose of providing a national memorial to honor the over sixty policemen killed each year throughout the nation. Each year in the month of September a day is set aside as a national memorial day for policemen.

This year National Police Day will mark the first time in history that the nation pauses to pay tribute to its men in blue in every town, village and hamlet—including Warren.

## Marlow Looks At TODAY'S NEWS

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—A federal judge, John Paul of Virginia, blames the state's political leaders for inciting people to hostility against the Supreme Court's ban on segregated public schools.

Politicians in other Southern states have been leading the anti-integration fight, none more than Gov. Orval E. Faubus of Arkansas, who has challenged the right of the court to rule out segregation.

The court ruled the opposite so long as Negroes get equal treatment.

This famous separate-but-equal doctrine stood until 1954 when, in the case of public schools, the court reversed the 1896 decision by saying segregated itself means unequal and therefore is contrary to the Constitution.

This reversal should have been no surprise to people, North or South, who have been watching the court's thinking for the past 20 years.

Step by step, as the United States neared midcentury, the court had been approaching the historic decision of 1854. What follows shows the trend until the final decision, which now is engulfed in turmoil and passion.

The present confusion and hostility to the court have their roots in the Constitution's 14th Amendment, ratified in 1868, which says in part: No one can be denied equal protection of the laws.

This gave the federal government authority to set aside as unconstitutional a state law which discriminated against people because of race or color. But the court upheld state laws in its landmark opinion of 1896.

Homer Plessey, a Negro got on a train in New Orleans and was ordered into the Jim Crow, or segregated, section which had been created under state law. He objected and brought suit. The Supreme Court turned him down.

The court gave its approval to

state segregation laws with this reasoning: It was not contrary to the 14th Amendment to segregate Negroes so long as they got treatment and facilities equal to those given whites.

In actual practice, as it turned out, segregation broadly meant unequal treatment for Negroes. But, as a result of that 1896 decision, the freedom of states to segregate Negroes remained undisturbed for more than 40 years.

The inequality of treatment given Negroes under the separate-but-equal doctrine finally forced a showdown and set the court on the road that ended in the decision of 1954. Here are the milestones.

1896—The court said a Negro had to be admitted to the University of Missouri Law School because the state had provided no similar school for Negroes.

1900—Going further, the court ordered a Negro admitted to the University of Texas Law School even though Texas had a law school for Negroes. The reason: The Negro school was unequal to the white one.

1950—Still further, the court banned segregated treatment of a Negro once he had been admitted to a white school. The case involved the University of Oklahoma, where a Negro student was segregated in class, library and cafeteria.

Note: In all these cases the court was simply assuring equality of treatment. It had not yet ruled on whether the principle of segregation was wrong. That historic turning point, reversing the separate-but-equal doctrine of 1896, came in 1954.

In that year the court was directly confronted with the question in the case of tax-supported public schools. It met it head on and banned school segregation on the grounds that segregation by its nature meant unequal treatment. Thus, it ordered public schools integrated.

But the court had been moving

## Didn't Even Have Time To Turn Around"

## Here and There

As summer slips away, the United States will bid welcome to autumn tomorrow, September 23, at 8:10 a. m., Eastern Standard time. That will be the moment of the autumnal equinox, when the sun seemingly crosses the earth's equator, and day and night are of equal length. The National Geographic Society says. The equinoxes, like the solstices, baffle many laymen. To astronomers, however, the phenomena are a simple matter of ancient understanding. The earth is an orange-shaped mass that orbits around the sun, one of the billions upon billions of stars in the universe. As the earth travels around the sun, it also rotates on its axis. The North and South Poles are the opposite ends of this axis. To visualize the earth-sun relationship, one might imagine a lamp in the center of a table. This would be the sun. An orange, representing the earth, is moved slowly around the lamp. The path of the orange is the orbit. A pencil might be inserted through the core of the orange to represent the earth's axis. The orange in its orbit around the lamp also twirls on the pencil. The twirling represents the earth's rotation. As the earth rotates, the part that was in darkness moves into the light of the sun, and the part that was in the sunlight moves out of it. This causes day and night. But it does not explain the seasons. The seasons occur because the earth's axis is not perpendicular to its orbit. Instead, the axis is tilted. This tilt might be represented by making the pencil through the orange lean a little to the side instead of standing straight up from the table. While the earth orbits around the sun, the earth's axis continues to be tilted in the same direction. This means that the North Pole is leaning towards the sun during part of the earth's journey and away from it during another part. When it leans

It took Penelec crews approximately one hour before service was restored.

Observatories use the stars to tell correct time. A star-timed day extends from the time a given star crosses a given meridian until the instant it crosses again. Its length is 23 hours, 56 minutes and four seconds of mean solar time. There are 365 days, six hours, nine minutes and nine seconds in a star-timed year. The extra time is compensated for in the calendar year by the addition of leap-year day.

### Flyin' Folk--Jock Wrap-It--Frog Leg--Sporting--Strowger Is Back Again

BY DOUGLAS LARSEN AND JERRY BENNETT  
 NEA Staff Correspondents

WASHINGTON (NEA)—Passengers on American Airlines Flight 308 to New York the other morning were startled to see Vice President Dick Nixon and his wife Pat climb aboard. Hostess Doris Carroll had saved a seat for them. And a Secret Service man carried their luggage and put it aboard.

Other than that, they made the flight just like the common flyin' folk. Most of the passengers asked Doris why the vice president of the United States didn't have his own plane to fly him around. She checked with the V. P. and came up with the answer that he used government transportation when on official business and few commercial when making a trip for personal reasons.

JACK VIRSTEIN, a genial clerk in the Senate document wrapping room, is known as "Jack the Wrapper." This is proclaimed by a big sign above his desk. He has written below his nickname:

"Let me give you a packaged deal."  
 "There are strings attached to all my work."

THERE'S A NEW green frog about four inches long in the Treasury museum. It's made out of old, worn-out, chewed-up greenback currency.

Today, old bills are burned by the Treasury. But in the old days, they were ground into a pulp which was sold and made into souvenirs like the frog.

This new museum frog, made in the 1880's, came to the Treasury from Harry Rowe, retiring dean of the faculty of Bates College, Me., through Nils Lennartson, a Bates alumnus and information chief at the Treasury.

WHILE WAITING for a traffic light the other day, an out-of-town friend of ours asked the driver of a sports car next to him how to get to the Library of

Congress. The driver explained that he was going that way and told the visitor to follow him.

But when the light changed our friend's car stalled and the sports car disappeared around a corner. About 20 minutes later he was waiting for a stop light in another part of town when the same sports car pulled up beside him.

"Sorry it took me so long to find you," the driver said. "It's just impossible to make any time in this rush hour traffic."

WITH A LARGE assist from U.S. Information Agency officials, we went out good the other day. We reported that a "strowger"—a device for monitoring USIA's Voice of America broadcasts around the world—had just been installed in Ike's office. And this is true.

But, quoting USIA officials, we said that "strowger" was a senseless nickname for the device. And this, we find out from W. L. Everett, Dean of the College of Engineering at the University of Illinois; Mrs. Ralph W. Borgers of Detroit; Bruce Quisenberry, public relations man for the Automatic Electric Company and heavens knows how many others, is wrong, wrong, wrong.

Mrs. Borgers explains that the device was named after Almond B. Strowger, who in 1889 invented a special switch that made possible the dial telephone system. Dean Everett says, "Undoubtedly from your description, the monitoring device uses a Strowger step-by-step switch controlled by a dial which is a common method of controlling the monitoring of a variety of voice channels."

And Quisenberry reveals that Strowger was an undertaker at the time he invented the switch. It seems that he suspected the central phone office operator of throwing business to his competitors. So Strowger invented the phone switch to let customers call him directly.

NEW YORK (AP)—If the government wants to start an argument with the American housewife and the family breadwinner all it has to do is tell them the cost of living has gone down.

The Bureau of Labor Statistics says this has just happened to its consumer price index for the first time in two years.

It says the drop came in the price of foods, which carry 30 per cent of the weight of the index.

A housewife has no trouble telling her husband of a number of foods whose prices haven't gone down at all, and some whose prices have just gone up.

And perhaps he belongs to a union whose wage contract has an escalator clause giving him a raise if the bureau had said the index had gone up. Often he can't see that it's any easier making ends meet now than a couple of months back. It may even seem harder.

The index, in fact, shows rises in the costs of transportation, housing, medical care and recreation.

The bureau is aware of the misunderstanding that arises from over emphasizing the importance or conclusiveness of its index.

Its food component, for example, consists of 30 items, while the average supermarket is said to offer 6,000 food items.

The bureau also knows that a family's tastes and shopping ability can determine to quite an extent how much its food bill goes up or down.

The index as revised in 1953 includes 220 things other than food. It is the bureau's best guess as to what the average family of wage earners and clerical work-

ers in U.S. cities pay for in the way of goods and services.

The families covered represent about 40 per cent of the population—taking in neither those making more than \$10,000 a year nor those in the lowest brackets, and leaving out farm families or those in small cities and towns.

Each item is weighed both as to the amount purchased and the frequency of purchase, trying to strike a balance for the family budget over a period of time. That is why the 80 food items carry such a big weight (30 per cent) and why a rise in public transit fares weighs more than a hike in the price of autos.

In the last two years the cost of living index has gone up 6 per cent and about two thirds of the rise has been due to the rising cost of services and the increased cost of eating.

## OUTWARD TO THE STARS (24)—What Does It Mean?

Which will it be? A missile against a city or a mission into space? Man has nowhere to look for the answer but to himself. If he is worthy of the knowledge his mind has brought him, we need not fear the choice. If he is not, the Space Age may write his epitaph.

Viewed from an orbiting station, man will be able to see half his small world in a glance and circumnavigate it in 90 minutes. For the first time, the idea of "one world" will—or ought to—have real meaning. The conquest of space will of necessity be an international cooperative undertaking.

More than a physical challenge to man, space will pose moral questions—but only the old questions in new frames of reference.

On the other hand, man's adventure into space can benefit his world in many ways. Satellites could bring world-wide radio and television communication, extreme long-range weather forecasting, gravity-free observatories, hospitals and research stations could orbit the Earth. New industries and opportunities, and a new life to life on Earth, should result from the terrific impetus given to science by the Space Age.

Looking heavenward, man of the 21st century will become ever more conscious of the unthinkable distant stars. Like his primitive ancestor before him, he will feel a closeness to them he has not felt for ages.

Man will ponder more deeply the question of other life in the universe, and his own place in this staggering prospect of infinite worlds. Someday the questions will be answered—not by him, nor by his children, nor his children's children—but someday.

**DUMMY REVERSAL**  
**NETS BIG SLAM**  
By OSWALD JACOBY  
Written for NEA Service

How would you play today's hand at seven spades? You win the opening club lead with dummy's ace and count your tricks. You see four hearts and one in each minor for a total of six outside of the trump suit. Hence, you must get seven trump tricks.

If you play two rounds of trumps and they break 2-2 your worries are over, but the odds are against this favorable event.

When Cliff Daniel of Dallas played the hand he saw that a dummy reversal would be a far better play. Accordingly, he

ruffed a low club with ace of spades at trick two and led a low trump to dummy's nine. Both opponents followed so he did not have to worry about a 4-0 trump break.

Now he ruffed another club with the ten of trumps and led a heart to dummy's queen. Dummy's last club was ruffed with the queen and he still had one trump left to lead to dummy's king. The jack and three of trumps were now played from dummy and since he had ruffed three times he was able to discard his two low diamonds.

His three high hearts and ace of diamonds accounted for the last four tricks and the grand slam.

## EUB Conference Institute Plan

Evangelical United Brethren churches of the Erie Conference will be holding a series of fall institutes this week, today through Saturday, with Salem church of Warren selected as the site for the Jamestown-Warren District gathering on Thursday.

Based in the general theme "Glorifying in the Church," the over-all program is sponsored by the Conference board of Christian education and the Erie Branch of the Women's Society of World Service. Principal speakers for the series will be the Rev. and Mrs. Merritt D. Penner, Jr., missionaries at Manchester, Ky.

Other personnel will include Dr. Glenn E. Donelson, Erie Conference superintendent. Mrs. Harold V. Lindquist, WSCS president; Mrs. Arma McGill and Mrs. Ivan Hunsberger, vice president. Mrs. Lloyd Houser, statistical secretary; Rev. Alvin Willink, director of Christian education.

Mrs. Lindquist will be presiding at the opening session at 2:00 p. m., with Mrs. Penner giving devotions and Mr. Penner delivering the missionary address. At the conclusion of the program of work promotion and new idea, Mrs. Lindquist and Mrs. Hunsberger will give echoes from the quadrennial convention.

Adjournment is set for 5:00 p. m., with a fellowship supper at 6:00, followed by "Let's Talk It Over" conferences at 6:45, in which the superintendent will confer with pastors, Sunday school superintendents and teachers, and directors of children's, youth and adult work.

Dr. Donelson will preside at the 7:45 p. m. session and speak on "These Things We Will Do." Rev. Penner will again be the speaker and an offering will be received for the Institute objective, the missionary residence at Lankaviri in Nigeria, West Africa.

## AUXILIARY MEETING HAS BUSY SESSION

GARLAND—Mrs. Gelia Carlson and Miss Ella Mays entertained 14 members of the Presbyterian Church Auxiliary at their new home in Corry recently. The meeting opened with the Lord's Prayer said in unison, and Mrs. Ward Van Guilder, president, conducted the business session.

It was decided to hold a bake sale early in October, with a definite date to be set by Mrs. Merle Sandrock, chairman. Plans were made to renovate the church bulletin board, Mrs. Howard Becker to order the paint, and Ethel Morris to order the new letters required.

Luncheon was served, and a social hour, including an impromptu "tour" of the former Garland ladies' new home, was enjoyed by all.

Present were Mrs. Louise Speisman, Mrs. Waive Rowland, of Corry; Mrs. Harry Purdy Green River, Utah; Mrs. Floyd Britton, Mrs. Everett Wiler, Mrs. Eugene Clancy, Mrs. Arthur Chapman, Mrs. Jack Selter, Mrs. Chester Radecki, Mrs. Frank Briggs.

## President Maps Active Year for Zonta Members

Mrs. Helena Iseman, president, announces an active year is planned for members of Warren Zonta Club. Highlight of the season will be the district conference to be held October 17 through 19 at Jamestown, the local club to work jointly with Jamestown, Dunkirk and Fredonia clubs on plans for this annual meeting. Estelle Roswell is chairman of the Warren committee. Mrs. Marguerite Thayer, district governor and a recent guest of the Warren club, will preside over the three day meeting.

Warren Zontians are actively participating on the various proposed community swimming committees connected with the pool. It will be remembered two years ago Zonta presented the recreation pool with \$1000.00 towards this project.

Mrs. Leota Clark was honored at a recent meeting by fellow Zontians and presented with a letter in appreciation of her many years of service and loyalty while a member. Mrs. Clark, a past president, moved recently to Phoenix, Ariz.

A major project this fall will be a membership drive to replace the several members who have had to resign because of retirement or moving from the Warren area. Mrs. Georgia Coyle, membership chairman, and her committee, are working on final plans for this event.

Zonta Club of Warren is one of many clubs throughout the world which are all a part of Zonta International. The membership is classified according to professions and only one woman of each classification can belong to a local club. Its raison d'être is service and fellowship.

## SARON-LUTHERAN EVENTS

Events this week for Saron Lutheran church in Youngsville: Thursday — WMS of Berea church will meet in the home of Mrs. Betty Wolf for a luncheon dinner at 12:30 p. m. Children of both Saron and Berea who are of age to be confirmed in 1959, will be organized this Friday immediately after school is closed. The children should all have arrived at the age of 14, or over, before the date of confirmation.

## CLARENDON PTA

The first fall meeting of Clarendon PTA will be held at 8:00 p. m. Tuesday, preceded by classroom visitation at 7:30. The business session will be followed by a social time, and all parents are urged to attend.

## BEATY OPEN HOUSE FOR 7TH GRADE PARENTS

Mrs. John W. Lutz, president of Beaty Parents Group, will be hostess for the forthcoming open house for seventh grade parents, scheduled for Tuesday from 7:30 to 9:00 p. m. at Beaty Junior High School.

Beaty Parents Group asks at least one, but preferably both, parents be present at this annual open house, held exclusively for orientation of seventh grade mothers and fathers.

Purpose of this informal get-together is to introduce the Beaty Parents Group, the faculty, and the facilities and services of Beaty Junior High to parents of incoming seventh grade children. In addition to the teaching staff, the guidance counselors, the nurse, and the dental hygienist will be present to help with any questions. Any problem may be left with them at this time.

If anyone requests, a short tour of the building will be conducted, and the evening will be concluded by refreshments served in the cafeteria.

## CLUB MEETING

The fall season of Dessert-Luncheon Club of the YWCA will open with a luncheon meeting at the Y at 1:15 p. m. Friday, with Mrs. Carl Berglund, Mrs. Paul Pittman and Mrs. Stanley Wheaton the committee in charge of reservations and arrangements. The Y office will also accept reservations and all members of the YWCA are invited to attend. Mrs. Clifford Bollinger will be the speaker on the subject of "Retarded Children."

## ZONTA CLUB DINNER

The regular dinner meeting of Warren Zonta Club will be held at 6:30 p. m. Thursday at the Blue and White restaurant when Charles Tranter, executive secretary of Warren Chamber of Commerce, will speak on the "Warren County Development Association." Club President Helena Iseman will report on the convention of Zonta International to which she was a delegate of the local club this summer. Arrangements for the meeting are in charge of Anne McClune and Irene Schreck.

## "400 BLOCK" OUTING

Twenty-two merchants, employees and their wives gathered Saturday evening for a regular get-together at the Maynard Quackenbush home, Victor avenue, North Warren. "Big Ange" wrestled over 200 clams out of their shells prior to a steak fry and inside entertainment was by "Chief Clam Digger" Lou Chimenti, Jr. Mrs. Minor Satterlund headed the food committee for the event.

## WRITER'S WORKSHOP

The Writer's Workshop will meet at 7:30 p. m. Tuesday in the Jefferson Room of Warren Public Library. Anyone seeking criticism of manuscripts or who wishes to learn how and where to submit writing, is welcome at the workshop.

## ALL GIRL CHOIR MEMBERS ARE CHOSEN

Over 40 girls from grades seven, eight and nine turned out to audition for the All Girl Choir, to be conducted by Byron Swanson in the Warren Conservatory of Music. Rehearsals are already in progress, and it is planned the first appearance will be at Christmas time. The choir is not in any way affiliated with Warren Boy Choir, but is being operated as a separate project. The following 25 girls were selected from auditions:

Kristen Ericsson, Jill O'Hara, Suzie Whren, Victoria Hammerbeck, Karen Werlin, Suellyn Gebhardt, Jean Tickner, Sally Krimmel, Jill Boya, Susan Slick, Martie Mathis, Sally Burger, Becky Ward, Judy Atkins, Carol Greenlund, Pamela Sheldon, Corynne Miller, Linda Nasman, Mary Fago, Nancy Mathis, Jo Ellen Day, Tootsie Werlin, Carolyn Doebler, Penny Morgan, Suzann Werlin.

# Walking Length Is Sound Investment

Corduroy will play a big fashion role this fall in the wardrobes of both college and career gals. Designers have used it for all types of clothes, have made it into casual and elegant fashions. We show three versions here for campus and city living. The double-breasted stroll coat (left) is in wide wale corduroy, is cut with big notched collar and large patch pockets. The color is royal blue.

NEW YORK — (NEA) — The coat that college and career gals are looking for this fall is the one that will give them most for their money.

But this doesn't mean that one coat can serve all purposes. A girl needs two, anyway, if she's to be well-dressed. One should be dressy and perhaps glamourous

up with a touch of fur; the other should be rugged and able to take it. If she buys a third coat for her new wardrobe, it should be a raincoat in a pretty print or a brilliant color.

Where a gal puts most of her

money depends on the kind of life she leads, the college she attends or the job she holds. The walking-length fur coat is a sound investment but so is the walking-length coat in fabric.

Both are good fashion and her budget will help a gal to decide which she'll choose. If she's a gal who freezes all winter, she'll be wise to put her money into a coat with a fake fur lining, one that's durable, lightweight and infinitely warm.

Such a coat, in walking length, will cost her very little and serve many purposes. It can go over wool daytime dresses, skirts or slacks. For the gal who has to watch her pennies, the walking-length coat makes sense since it can also be worn with skirt in matching fabric for a suit look.

## Fall Meeting of Beta Sigma Phi Is Entertained in Clarendon Home

Initial fall meeting of Beta Sigma Phi, Epsilon Epsilon Chapter, was held at the home of Mrs. Robert W. Blume, Clarendon, with Mrs. Howard Lincoln assisting the hostess.

Mrs. Anthony Gorfida opened the business session and introduced a new member, Mrs. Harold G. Nasky, transferred from Beta Sigma Phi, Oil City Chapter. Reports were given by Mrs. Lewis Conroy, treasurer, on the following projects: Fourth of July parade float, rummage sale held in August, the amount of sales and of orders to be filled.

Copies of the Chapter programs, with many new and interesting speakers listed, were distributed. New by-laws, to be discussed and voted on at later meetings, were also passed out. Mrs. Robert Wade gave the report on Multiple Sclerosis, a project she has headed for the Chapter for three years. It was suggested the group will attempt to be a National Society Chapter instead of a sub-chapter of Erie. The Chapter feels a better job could be done for Warren county with more help for the increased number of MS patients known if this chapter was established.

Members were reminded many gift items are needed and homemade items for the Chapter's Christmas bazaar may be received on consignment. The bazaar will be open to the public this year and will be held the first of December, place to be announced later. Christmas cards and gift wrappings will be ready to go on sale at the next meeting.

All members will miss their good friend and sponsor for the Epsilon Epsilon girls since

Thursday when his wife, Sarah, 21, was shot to death in their apartment.

## AROUND THE WORLD

**INSIDE A CELL**—A visitor to the Health Show in New York's Coliseum stands inside a huge three-dimensional model of a human cell that was on display. The model, based on microscopic studies, was reported to be more than a million times larger than a red blood cell in the human body.

**SIDEWALK ARTIST**—Switching from canvas to sidewalks, this student at Paris' Beaux-Arts Academy ignores the curious onlookers as he creates what will be a short-lived masterpiece. The small box beside him is for contributions.

**KIDS BRING THE STORK**—Neighbors of Thomas Hubert (left), of Milwaukee, erected this nine-foot stork poster to welcome home Mrs. Hubert and her newborn son. Jack Ashenurst, 14, and his sister, Judith, 16, place the stork in front of the home of the proud father.

**PRACTICE MAKES PERFECT**—All set for practice, two-and-a-half-year-old Andy Jessen, of Ft. Washington, N. Y., holds a football over his head as he looks at the Naval Academy's mascot at Annapolis, Md. Keeping a tight grip on the goat are Joe Tranchine (16), of Clairton, Pa., and George Fitzinger, of Wilkes-Barre, Pa.

**TALL ORDER**—Making sure that Ricky the giraffe will have plenty of room when he reaches a full height of 17 feet, Pierre Fontaine, director of the Dallas, Tex., Zoo and Aquarium, checks the blueprints for a new building. Ricky, who is about a month old, will move in with his mom and pop. The building will also house elephants, rhinoceroses and hippos.

**WAIST IN PLACE**—Madame Gres, who turned thumbs down on last season's waistless fashions, is giving the same treatment to this season's bosom-high Empire waist. The natural waistline is clearly defined in the brief "battle jacket" of this green tweed suit, with soft, stand-up collar, being modeled by a pretty girl on a Paris street. However, Madame Gres has brought the hemline up.

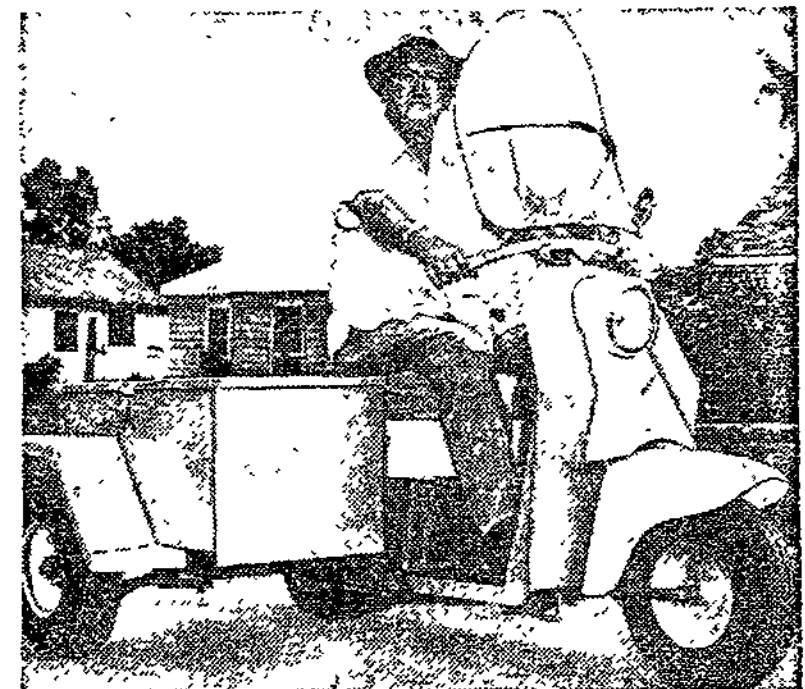

**LEARNING THE STEP**—Singer-turned-dancer Pat Suzuki has the basic idea and all she has to do is get off the ground to emulate choreographer Buster Burnell. She was taking time out from her appearances at a Las Vegas nightclub to rehearse a dance step she'll use in a Broadway play.

**COMING OFF**—Hair today and gone tomorrow tells the sad story of this lad getting his first haircut at Salina, Kan. As barber J. L. Mooney snips away, 14-month-old Dick Dickerman registers dismay and seems about to cry. His mother hated to do it, but she took him to the barber to have his locks cut when people began mistaking him for a girl.

**HOME FROM FRANCE**—Shelley Peterson, 2, is all eyes as she arrives in New York aboard the liner Flandre. She was on her way to Lincoln, Neb., after spending a year in France with her parents, Dr. and Mrs. Wallace Peterson.

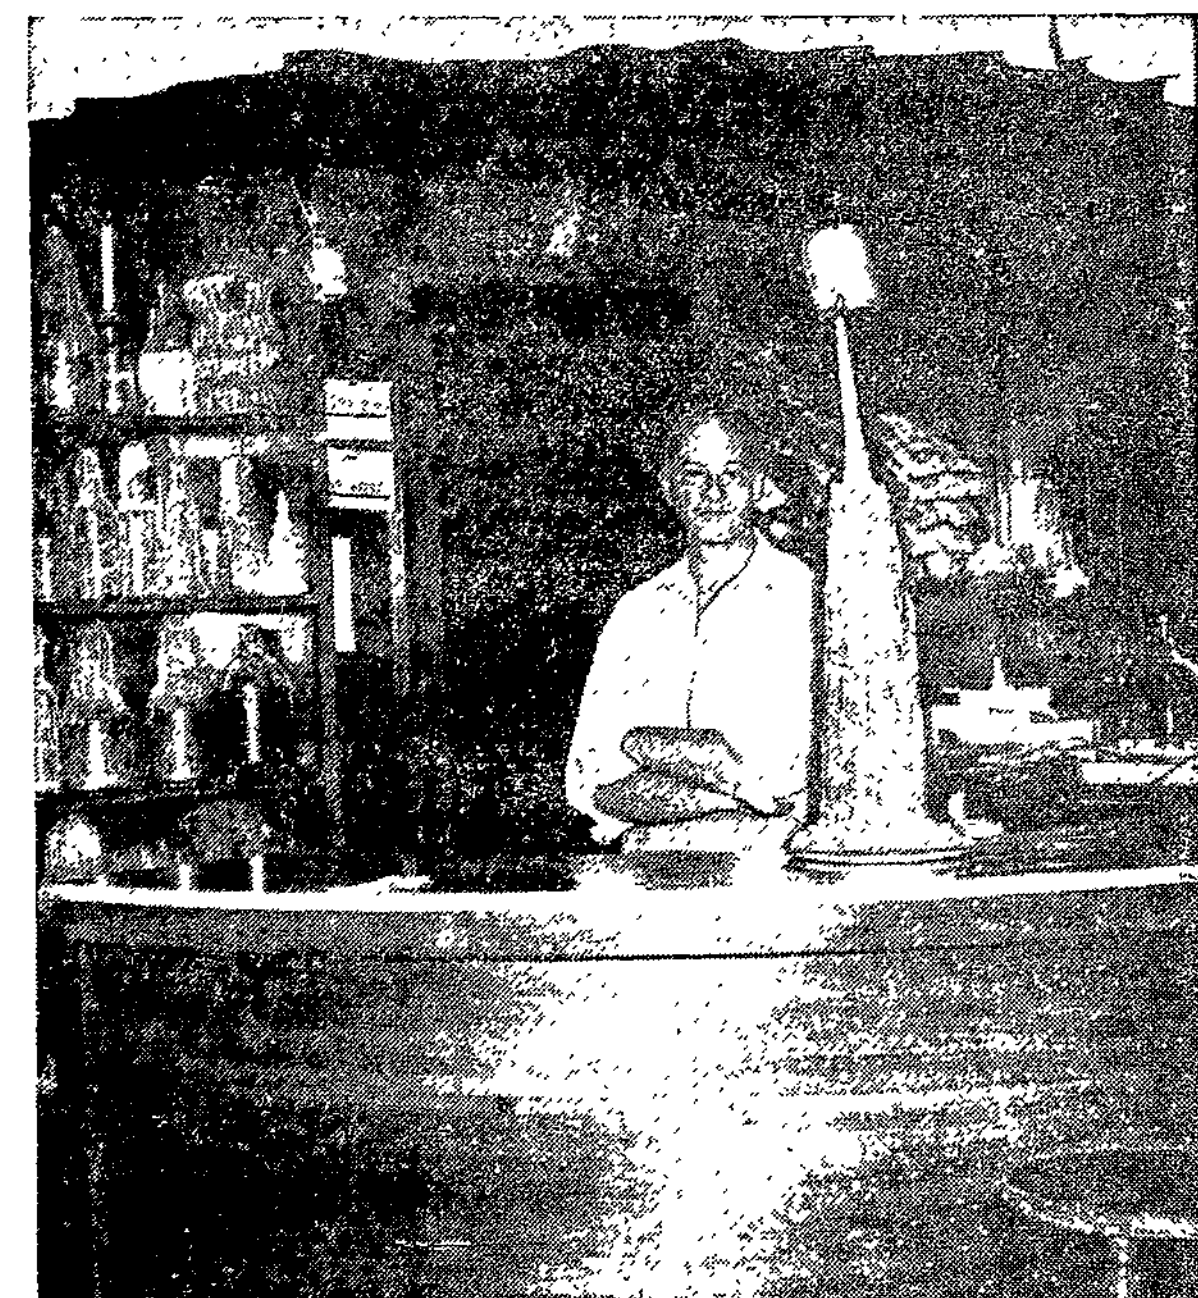

**BANDWAGON**—Life begins at 75 for Edwin Travis, astride his new motor scooter in Grand Rapids, Mich. Travis, who says he is tired of "watching the world go by," will put his hi-fi record player in the scooter's sidecar and bring music to his shut-in friends.

**POLO BEAR**—Anyone for polo? This polar bear at the Skansen Zoo in Stockholm, Sweden, seems to have taken up the game as he frolics with a ball in his pool. From the looks of things, it appears as though he's out to prove that seals aren't the only animal jugglers.

**BY THE SEA**—Adding sparkle to the local scenery, Swedish lovely Lotta Saccander perches on a rock alongside the blue Mediterranean at Cap d'Ail, France. The 18-year-old beauty was named prettiest Swedish girl at the French Riviera resort.

**ROSY GLOW**—Taking it easy behind the bar, Bertrand Sullivan can really get a glow on with the bottles in his Secluded Winery at Westlake, Ohio. Except for one 25 watt bulb, the winery is illuminated entirely by candles stuck in empty bottles.

OBITUARIES

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

**THE REV. OLOF LUNDGREN**

Adams

(From Page One)

Three months ago, when the controversy over Adams first flared, Eisenhower flatly rejected demands he get rid of his top aide.

The President said Adams had been imprudent but he called the aide a man of honesty and integrity, and added that besides "I need him."

The clamor for Adams' resignation faded, then rose again after the trouncing the GOP took in the Maine elections two weeks ago.

In that election the Democrats won a U. S. Senate seat for the first time in 47 years, and also scored other triumphs.

The Goldfine case was an undertone issue in the Maine election. Like Adams, Republican Sen. Frederic C. Payne, defeated in his re-election bid by Democratic Gov. Edmund S. Muskie—accepted gifts from Goldfine.

On the heels of the Democratic sweep in Maine, Republican candidates in other sections of the country reportedly swamped party leaders with demands Adams be ousted as being major political liability in the GOP campaign to capture control of Congress.

In a news conference statement last June 18, Eisenhower made it clear he had decided to keep Adams on the job.

The President said that "anyone who knows Sherman Adams has never had any doubt of his personal integrity and honesty; no one has believed that he could be bought."

But Eisenhower said there was a feeling Adams had not been sufficiently alert to make certain that the gifts he accepted from Goldfine could not be considered as Goldfine attempts to influence the presidential aide.

To that extent Adams has been imprudent, Eisenhower said.

The Adams-Goldfine relationship came to light in the course of an investigation of federal regulatory agencies by the House Committee on Legislative Oversight, headed by Rep. Owen Harris (D-Ark).

This committee was set up to determine whether six agencies, including the Federal Communications Commission and the Securities and Exchange Commission, were functioning as Congress intended—that is, independently of the executive branch.

In public hearings, Adams acknowledged accepting from Goldfine such things as a vicuna coat, hotel accommodations and material for suits.

The wiry, 59-year-old Adams walked off without a word when newsmen asked whether he had quit.

Earlier, on his arrival from Washington, Adams said only "I have no statement" when asked whether he was in Newport to resign.

Dams conferred alone with Eisenhower for about an hour, then apparently saw him at least once more before flying back to Washington for tonight's TV-radio address.

Asked whether that in that address Adams will disclose whether he plans to quit or stay, Hagerly replied that is the case.

Hagerly said details had not been worked out yet on the time of Adams talk, or with respect to which networks will carry it.

Eisenhower walked with Adams to the helicopter when the White House aide left the summer White House at 11:10 a. m. for the return trip to Washington.

This was an obvious—and perhaps farewell—gesture of regard for Adams.

The two men were silent for the first few steps down the sidewalk toward the big Marine "cop" car.

Then they began conversing as they walked, and Eisenhower gave the departing Adams a friendly pat on the arm just before Adams climbed aboard.

said: "Obviously the U. S. President, unable to explain away the facts and truth stated in Khrushchev's letter, disregarded all international courtesy by restoring to the unscrupulous act of refusing to accept the message."

Tass said Khrushchev's note was "dictated by his serious concern over the dangers to peace resulting from the aggressive acts of the American ruling circles in the Taiwan (Formosa) Strait area."

"The Soviet Union," it said, "will continue its active struggle for the preservation of peace and continue to tell the truth whether or not it is liked by those whose policy is consistently based on creating serious international conflicts in one area or another of the world."

**FRENCH PROTEST**  
PARIS (AP)—France protested to Morocco, Tunisia and Libya today against their recognition of the newly proclaimed Algerian rebel government. At the same time, the De Gaulle government warned other nations, including Russia, against possible recognition of the Cairo-based Algerian regime.

News Blackout

(From Page One)

It was assumed the Reds maintained the barrage they have continued almost without letup since Aug. 23.

Gen. Laurence S. Kuter, commander of all U. S. Air forces in the Pacific, flew in from Okinawa and entered into strategy meetings with Adm. Harry Felt, U. S. commander of all forces in the Pacific; Vice Adm. Roland N. Smoot, Taiwan (Formosa) defense commander; Maj. Gen. Thomas Moorman, 13th Air Force commander from the Philippines, and other U. S. military men here.

The high brass also went into closed session with U. S. Ambassador Everett Drumright, then with Gen. "Tiger" Wang Shun-ning, Nationalist chief of staff and Defense Minister Yu Ta-wei.

Absent from the parleys was Vice Adm. Wallace M. Beakley, commander of the U. S. 7th Fleet guarding Formosa Strait.

Beakley came into Taipei briefly, but sailed aboard his flagship, the heavy cruiser Helena, for an unknown destination. U. S. military spokesmen declined to give further details.

Kuter told newsmen he would discuss the Quemoy artillery blockade. U. S. warships and planes often protect Nationalist supply convoys to the limit of international waters and international air space.

The Nationalists claimed they sank one Red gunboat and heavily damaged a second, without suffering any losses of their own, in a naval battle with six Red vessels off Matsui, 130 miles north of Quemoy, before dawn Sunday.

The Nationalists said they destroyed nine Communist artillery pieces and three emplacements on the mainland from Quemoy Saturday.

Surviving besides his parents are a brother, Richard Diamond; a sister, Louise Diamond; his maternal grandmother, Mrs. Louise Mistretta; several uncles, aunts and cousins.

Coroner Samuel T. Bowers of Chautauque County issued a certificate of accidental death.

Funeral services will take place at St. John's Church in Jamestown at 10 a. m. Tuesday.

Burial will be in Holy Sepulchre Cemetery, Jamestown. American Legion will conduct military services at the grave. A rosary service will be conducted in the funeral home this evening.

islands let up, "you can begin to see in another week or so whether there's going to be any progress" in the discussions.

A British delegation member said he was "sure there is absolutely no truth" in Japanese newspaper reports that British Foreign Secretary Selwyn Lloyd and Japanese Foreign Minister Aichiro Fujiyama had agreed the offshore islands of Quemoy and Matsui should belong to the Communists.

Brokenstraw F&G Club Holds Annual Election

Gurney Ball was reelected president of Brokenstraw Fish and Game Club at the annual fall reorganization session held Sunday in Youngsville Fire Hall.

Other officers elected were Sam LeTrent, vice president; Bill Warner, secretary; Carl Gustafson, assistant secretary; Norris Freeborough, treasurer.

It was announced by president Ball that 15 directors would be appointed, along with seven junior directors as the organization inaugurates a new policy of furthering the interest of younger members.

Discussion during the business meeting revolved around the rearing of 150 ringnecks purchased by the club, and an upcoming turkey shoot.

HIGGINS RESIGNED

BOSTON (AP)—The Boston Red Sox have given Manager Mike Higgins another chance to make it next year. He signed a one-year contract for 1959 Sunday after the Red Sox had taken their third straight 2-0 victory from the Washington Senators. Higgins is finishing a three year contract with the Sox.

Officers Elected by Bradford Transit Co.

BRADFORD (AP)—George J. Hanks of Oil City, president of the Bradford Transit Co. since it was founded 29 years ago, Friday was named to the newly created post of board chairman.

John Z. Vantine of Bradford, first vice president, was promoted to president and re-elected general manager of the oil gathering firm. A. G. Saxe of Bradford was named first vice president to succeed Vantine.

Officers re-elected were H. F. Tomfohrde, New York City, second vice president; W. J. McGowan, Oil City, secretary; J. H. Young, Oil City, controller; M. W. Sullivan, Oil City, auditor; and T. L. McDowell, Bradford, counsel.

McDowell also was named a director. Vantine, Saxe, Tomfohrde, Earl W. Duggan of Bradford and R. W. Grunert of Oil City were re-elected directors.

Preacher Dies While Watching Son in Game

ALTOONA, Pa. (AP)—A minister suffered a fatal heart attack in nearby Claysburg Saturday night while watching his son play in a high school football game.

The Rev. O. J. Hassinger, 66, pastor of the Church of the Brethren in Claysburg, collapsed during the early part of a game between Greenfield-Kimmel and Williamsburg. He was dead on arrival at Nason Hospital in Claysburg.

The Rev. Mr. Hassinger had held the pastorate at Claysburg since July, 1957. He formerly was pastor of the Huntsdale Brethren Church near Carlisle.

Federal Treasury Is Planning for a Loan

WASHINGTON (AP)—The Treasury faces a decision this week on how much money it should borrow to replenish its depleted cash drawer.

Officials reportedly are considering raising three or four billion dollars through sale of government securities. However, the total may be bigger. An announcement is expected Thursday.

The government's cash balance is just below three billion dollars, not enough to pay federal bills for two weeks.

The recession has caused a slowdown in revenue and spending has increased sharply.

High School Senior Missing After Dance

AMBRIDGE, Pa. (AP)—Police in this Beaver County area searched today for a 15-year-old high school senior from nearby Baden who disappeared after attending a dance in Ambridge Friday night.

Officers said Rebecca Triska left the dance alone. She was seen shortly before midnight Friday at a drive-in restaurant with a man about 10 years her senior. Her father, Frank, said his daughter always telephoned home if she was unexpectedly detained. She attended Ambridge High School.

U. A. R. REORGANIZES

CAIRO (AP)—A reorganization of the United Arab Republic's government is reported due within a week. The government-owned newspaper Al-Gumhouria said Sunday President Nasser wants to revamp the dual ministerial set-up in the Egyptian and Syrian regions in the interests of greater unity.

Several of Ike's Paintings Being Shown at Ligonier

LIGONIER, Pa. (AP)—Several of President Eisenhower's paintings are on exhibit at the Pennsylvania Artists annual show, being held in conjunction with this Westmoreland County town's bi-centennial celebration.

Two of the president's original oils—"David Contemplates the First Hole" and "The Sixteenth Hole at Augusta"—are on display. Several reproductions of his work also have been hung.

The president's paintings were not entered in the contest. Andrew Wyeth of Chadd's Ford won first prize with his watercolor "Deserted." John Follinsbee of New Hope took second prize with "The Lobsterman's Return," an oil. "Despairing Figure" by William A. Smith of Pineville won third prize.

Eisenhower is scheduled to arrive Friday to visit restored Ft. Ligonier, which was built 200 years ago.

The celebration opened officially Sunday with commemorative church services, a band concert and choral singing.

**SHUTOUT AVERTED**—In the last minutes of fourth quarter, Dragon fullback Lou Mascaro passed to Bill Brumagin from Franklin's 4-yard line. Brumagin shown in the photo at left crossing the line for Warren's only score, game ending seconds later with a 14-6 win over Dragons. Middle photo caught Dick Terry gaining yardage as an unidenti-

fied Dragon throws a block. Last photo shows Terry again making an 'second Section II District 10 game of the season, a week after downing unsuccessful bid to score as he was brought down on the 35 before the stubborn Corry Beavers. Warren held top place in League standings touchdown was made. Warren was unable to stop Franklin's passing for 18 hours after Oil City was knocked by Titusville. A layout of team attack, their attempt at passing was blocked and intercepted by the members and a picture of the squad is in the window of McGarry Photo Knights. # Franklin Victory Over Warren is Section II Upset

## Dragons Escape Shut Out With Lone Touchdown in Last Two Minutes of Play

(By LARRY)

Foiling a complete shutout in one of the biggest grid upsets of the weekend, Warren High Dragons took full advantage of the last two minutes of play Saturday to score their only touchdown against Franklin Knights, who dominated play throughout the contest, finally tilting Warren 14-6 on Memorial Field. The loss knocked Warren off top perch of Section II District 10 which they had held for approximately 18 hours after Oil City, tied with the Dragons, was defeated by Corry 39-7 Friday night.

Warren was unable to cope with neither a fast Knight front wall nor one of the most dangerous backs in this section, who, in the second quarter, spurred down field for an 80-yard touchdown only to have a clipping penalty slapped against his mates, blackening his electrifying efforts.

As expected, Franklin's passing attack was unexcelled and time and time again balking Warren's defensive maneuvers. Throughout this section of Pennsylvania, Warren was picked over Franklin by a comfortable margin. The overthrow of the local eleven came as a surprise to fans. Warren and Oil City had been deadlocked for top place in the Section until Oilers went to battle Friday night losing to Corry. Then Warren came in sole possession of the place until Saturday.

Numerous times during the game, Warren fullback Lou Mascaro faded back for passes but was either snowed under by a very fast front Franklin wall or the pigskin was knocked from the air or intercepted. Quarterback Butch Conrad, announced as a potential threat to Franklin opponents, held the game for the Knights. His

speed and accuracy point up as a strong contender for Franklin's Sectional bid. He startled the 2,000 fans as he made a beautiful 80-yard run for a touchdown in the second quarter. Harris threw a block behind Conrad and was penalized for clipping.

To begin scoring, Conrad shot up the middle on the fourth play of the game covering 50 yards. Walt Thomas kicked the first of his two PAT's. Midway through second period, Thomas hit Conrad with a 35-yard pitch down to Warren's 3. Conrad bowled over on the next play making it 14-0 for the Knights.

Third quarter was scoreless. With only thin seconds remaining in the game, Warren came in possession of the ball on their own 10. Warren star fullback Mascaro handed off to Jim Wick who dove through the center. On the next play, a handoff to John Colvin sent the Dragon griddler scampering to Warren's 38 where he was knocked out of bounds. From the 38, Lou again gave to Colvin who moved to Warren's 41 and on the next play, to Franklin's 49. A Mascaro pass was incomplete.

Dick Terry's efforts on the following play carried the ball nine feet further, then to Franklin's 38 for a first down. Again Colvin came into the limelight as he gained one yard. Another pass, to Jack Lobdell, fell incomplete. Wick raced to the 23 after a handoff from the 45. Lobdell then catching a pass and going to the 4. After a long count, co-captain Mascaro faded back for a pass to Bill Brumagin in the end zone. Completed, the touchdown narrowed the Franklin margin to 14-6.

Try for extra point by Don McKelvey was wide and to the left. Ball placed on Franklin's 40. Smith received a handoff and gained five yards before being stopped. Whistle ended the game. Bob Haslet was unable to start for Warren as his leg injury hadn't responded to treatment sufficiently. He was seen

in a number of plays, however. Deepest penetration Warren was able to make in the first half was to Franklin's 44. That was an 11 yard run by Haslet midway through second quarter. Warren will move out of town for the first time Saturday when they will be guests of Titusville Rockets.

## Northern Area Downs Sheffield By 26 to 21 Score

Northern Area Knights tucked one rival game under their belt Saturday afternoon as Sheffield Wolverines were shoved under with a 26-21 push behind two touchdowns of Knight quarterback Kenny Williams.

The contest was Northern Area's opener. They begin Northwest Conference play October 4. But before that game, the Knights have to face another County chief rival back-to-back to the Sheffield victory, Youngsville Eagles next Saturday at home. The three schools play, in what is known among themselves, as Warren County Class B league competition.

Northern Area opened their drive early in the game, in the second play to be exact, as left-half Al Ludwick passed to Williams and Williams to Denny McNally who scored.

In the second quarter, Denny Owens scored a NA touchdown on a run, McNally crossing for the extra point. Intercepting a pass in the third quarter, Williams dashed 20 yards for the third TD, Ludwick adding the conversion.

Williams crossed the goal line for the last time in the fourth. Sheffield's tallies came in the first, second and last quarters.

To begin, Lee Hall passed to Fred Benson who bowled over in the first quarter. Again in the second, Hall passed, this time to Jim Rudolph who scored and in the fourth, George Slater scored on an end run. Final score again, 26-21.

Extra points for Sheffield were added by Rudolph, rushing; a pass from Hall to Benson; and a run by Hall. Sheffield will be gunning for their second win Friday evening when they travel to St. Marys. Initial victory came from Warren Reserves as the Wolverine opener.

## East Ruins Trojans League Debut 20-7

Erie East Warriors ruined McDowell's Big Seven League debut Friday night by smashing past the Trojans, 20-7.

Trojans had the edge in statistics, but couldn't match the Warrior scoring punch in the first two periods when the winners punched across all three of their TD's.

Stan Baginski was East's big gun, tallying all three TD's, two on runs and the other on a short

## Beavers Tounce Oil City Eleven By 39-7 Score

Not ready to lose two consecutive games, Corry Beavers hosted Oil City Oilers Friday night and then moved down the field to blank their guests 39-7 behind three touchdowns runs of Ed Latos. Previous to the encounter Oil City had been tied with Warren for Section II District 10 first place honors.

The previous week on Memorial Field, Dragons tilted the Beavers 13-7 while Oil City downed Titusville in a Conference encounter 13-7. Latos scored his first TD in the first period when he ripped off a 60-yard jaunt, followed 45 seconds later with the intercepted Oiler pass and a 50-yard dash to pay dirt. This put Corry in a 14-0 lead.

Only Oil City score came from the 25-yard trek of Art Toth in the third quarter after accepting a pass from Jerry Osborne. Osborne ran for the conversion.

In the final quarter, Lou Hanna, Corry mentor, cleared the Beaver bench and called in junior varsity. Steve Olson galloped 30 yards to score Corry's final touchdown on an intercepted Oiler pass.

## "REVIVALRY"

## Kane Drops One To St. Marys 38 to 6

St. Mary's Flying Dutchmen lost plenty of starters from last year's undefeated team but so far this season, it looks like they're headed for their third undefeated and untied season. St. Marys romped over Kane 38-6 Friday.

Victors scored twice in the first and third quarters, once in second and fourth.

Kane's lone tally came in the third after a drive of 80 yards by Jim Kibbie. Kane will host Warren November 1.

Grove City Takes Titusville in a Non-League Game

In the cellar as far as Section II District 10 Conference is concerned, Titusville Rockets dropped an independent game to Grove City Friday 37-13 as the Groves nailed Rocket fumbles to cross the goal line six times.

Titusville lost a league scrap, their opener, with Oil City last week. Oil City's win tied them with Warren for the league's first place until their loss Friday night.

Grove City presented a veteran and seasoned ball club. As Titusville started collecting miscues, Eagles bound at the chances and began totaling up touchdowns.

Only once did the Portmen mount any offensive threat and that came in the final quarter when George Dewey suddenly took to the air. Surprised, Eagles stretched their defense and Titusville pushed over two TDs, one on an 8-yard drive.

Main spoke in the Grover wheel was Bobby Braine as he ground out yardage and scored three touchdowns.

Saturday afternoon, Rockets will host Warren High Dragons on Carter Field. Score by quarters: Grove City 0 13 12 37; Titusville 0 0 0 13-13. Touchdowns: Grove City—Braine 3, Wise, Eakkers, Buback; Titusville—Frey, Beason. Extra points: Grove City—Braine (p), Titusville—Hipwell (placement).

British Crew Hoping For Favorable Winds

NEWPORT, R.I. (AP) — The hopes of Britain's proud Scupperion with the winds today.

If the promised 15 to 25 m.p.h. southwest gusts which the weatherman promised, materialized, the British crew figured they had a chance to get back in the America's Cup competition.

They already are one-down, having lost Saturday's opening race. Three more defeats and the coveted cup stays right here where it has rested for more than 100 years.

29 Teams Are in Prospect for Co. Hot Stove League

First organizational meeting of the proposed Warren County Hot Stove League, a derivation of the present Hot Stove Baseball League, was conducted from American Legion Home in Youngsville Thursday evening. A discussion of potential teams was held and an estimated 29 teams will compose the new league.

Nine bantam, 8 midget, 6 cadet and 6 intermediate squads would compose the 29 teams. Junior teams were not figured in as they will be included in Warren City League schedule, proposed name remainder of Hot Stove League.

Eighteen men interested in dividing the League into two groups, allowing more boy participation, from six communities, attended the session. Areas represented were Youngsville, Russell, Sugar Grove, Sheffield, Clarendon and Kinzua.

Bob Lind, Youngsville, was elected temporary chairman and George Steffan, temporary secretary. These men will act in these capacities until a regular executive body can be elected.

Various topics relative to Hot Stove baseball were discussed, among which was umpiring and problems it represents. Dave Wright, Sugar Grove, a member of the County League, and a licensed umpire, stated he would instruct an umpire school sometime before next spring and would welcome all Hot Stove leaguers.

Thursday evening another meeting will be conducted from the Youngsville Home at 7:30. Interested persons are urged to attend. Officers will be elected.

By THE ASSOCIATED PRESS Norman Snead, Wake Forest, threw three touchdowns passes in Deacons' 34-0 upset over Maryland. David Ray, Vanderbilt — returned a punt 81 yards for a touchdown in his team's 12-8 triumph over Missouri in a televised game. Pat Fischer, Nebraska — led Cornhuskers to a 14-7 upset over Penn State with 92-yard kickoff return for touchdown in last quarter.

Dick Bass, College of Pacific — went 78 yards for one touchdown and set up another in COP's 24-10 victory over California. Bobby Newman, Washington State — passed for two touchdowns and scored another himself in the Cougars' 40-6 rout of Stanford.

Speaking of Sports

Baseball, football and basketball highlight the extensive sports schedule to be presented by NEC television network during the fall months. Coming season will see more than 100 hours of sports on NBC — heaviest season of sports coverage on any one network in the history of television. Among the sports featured are the World Series, major league baseball games, college football, professional and college basketball, Friday night boxing bouts and a major bowling tournament. Several Saturdays will find baseball-football double-headers. Entire World Series will be telecast, beginning Wednesday, October 1, in the home park of National League pennant-winner.

Jamestown Bows Over Dunkirk 39-12

Tony Ceito scored twice and passed for another TD Saturday night to pace Jamestown to a 39-12 season-opening win over Dunkirk.

Certo bolted for five yards and came back with a 55-yard scamper. He followed later with a 12-yarder to Ron Anderson for a third tally that put the Red Raiders into a commanding lead.

Win was Jamestown's seventh straight over a two-year span. They stated the streak against Dunkirk in the third game last year.

Warren Dragons will host the Red Raider on Memorial Field November 8.

Erie Vincent No Match Lose 47-6

Erie Strong Vincent was no match for a strong Aliquippa club Friday night in going down under a 47-6 avalanche for its second straight loss of the season.

Erie scored first time when they got their hands on the ball and Aliquippa spent the rest of the night watching the score mount.

Erie took a kick to their own 45 and went the rest of the way on 10 plays to score with a pitch from Dudley Rose to Wally Knox, catching the ball in the end zone from the 16.

Tech Moves Up Huskies Hold to 19-18

Harborcreek's plucky Huskies rushed to a 19-6 halftime lead and then held off a determined Erie Tech team to register an exciting 19-18 triumph in Erie Stadium's Big Seven football opener Friday night.

Big Seven is composed of Harborcreek, East, Cathedral Prep, Academy, Vincent, Tech and McDowell.

Huskies scored twice in two plays late in the first half and made those points stand up.

STEELERS LOSE AGAIN

LOS ANGELES (AP)—Offensive woes continue to pile up against the Pittsburgh Steelers with their National Football League opener less than a week away.

The Steelers failed to score a touchdown for the second time in pre-season games as the Los Angeles Rams rallied for a 31-6 exhibition victory Sunday. It gave the Steelers a final record of 2-4 in exhibitions.

MICHELOSEN CALM

John Micholosen of the University of Pittsburgh football team isn't getting too excited about Pitt's 27-6 upset victory over UCLA Saturday.

"The boys played pretty good football," said Micholosen. "The new offense looked good in spots, but it still has a long way to go." "We take one game at a time," he added. "We have Holy Cross coming up next, and they have Tom Green, the No. 1 passer in the country."

Park Whips Girard 26 to 6 in ECL Play

Taking to the field after defeating Youngsville 19-12, Lawrence Park's vaunted Tigers, led again by Jack Humphreys, opened their drive for the 1958 Erie County Football League title Friday by whipping an under-manned Girard eleven 26-6.

Humphreys was the player of the day as he recovered two Girard fumbles in the first period to set up two TDs, scored himself on a 35-yard run and added an extra point with a perfect placement.

The Park ended up the scoring when Humphreys broke loose for a 35-yard gallop into into the end zone.

Sports in Brief

BASEBALL BOSTON—Ted Williams, mad at himself for looking at a third strike, injured a woman when he threw his bat in disgust. BOSTON — Pinky Higgins' contract as manager was renewed by the Boston Red Sox.

BALTIMORE — Hoyt Wilhelm, 35-year-old Orioles pitcher, hurled a no-hit, no-run game against the Yankees, winning 1-0.

MOTOR BOATS WASHINGTON — Windup of President's Cup regatta postponed by wind and choppy waters after Don Wilson of Detroit had driven Miss U. S. I. to victory in two heats Saturday.

WEIGHTLIFTING STOCKHOLM—Russia captured the final three titles in the world weightlifting championships to top the United States 5-2.

TENNIS LOS ANGELES—Hamilton Richardson won the Pacific Southwest title with a 7-5, 6-2, 4-6, 9-7 victory over Alex Olmedo.

GOLF HESPERIA, Calif. — John McMullin, Fair Oaks, Calif., shot a 271 and beat Gene Littler by a stroke in the \$17,000 Hesperia Open.

RACING NEW YORK—Intentionally (\$18,600) defeated previously unbeaten First Landing by a length in the \$114,390 Futurity at Belmont Park.

ATLANTIC CITY — Hulsdale (\$20,800) won the \$25,000 added Boardwalk Handicap for 3-year olds at Atlantic City. Bill Hartack was suspended 15 days for riding foul on Friday.

1928 Team To Be Honored At Homecoming October 11

In accordance with arrangements made with school officials last May, Warren-Meadville football game Saturday, October 11, has been designated as the annual Homecoming Game, this year honoring the undefeated, untied squad of 1928.

Bill Bevevino, 210 McPherson street, is chairman of a one-man committee busily engaged in contacting members of the squad. Even at this early date a large return of the old Dragons is indicated. Bill would like to hear from any team member who read this article.

Preceding the game is a

smoker at 8 p. m. Friday evening at Kalbfus Rod and Gun Club on Chapman Dam road. Smoker is one of two major events sponsored by Warren Sports Boosters Association. Other event is the senior and lettermen's banquet held each winter between changing school semesters.

Pre-Homecoming smoker is open to the public, and anyone interested in renewing old contacts and friendships is invited. Tickets are available at United Cigar, B and B Smoke Shop, Mack's News, Savoy, Blue and White, Logan's, Style Shop and Sports Boosters members.

Braves Clinch Title for Second Straight Year

By JACK HAND Associated Press Sports Writer

It's official now. The Milwaukee Braves will meet the New York Yankees in the World Series for the second straight year. Pittsburgh put up a game fight but the lights went out Sunday while they sat in the rain at Philadelphia and Milwaukee beat Cincinnati.

The Braves had their troubles before nailing down the clincher 6-3. Warren Spahn, the likely choice to open the Series against the Yanks Oct. 1 in Milwaukee, rolled along with a one-hitter through six innings. Then the Redlegs knocked him out in a five-run inning.

Don McMahon finally subdued Cincy. It was Spahn's 21st victory. As a result of the Braves' victory and the Pirates' routout of a scheduled doubleheader at Philadelphia, Milwaukee boosted its lead to 5½ games with four to play.

Powerhouse Owls Notch 38 to 7 Win

Bradford High School's powerhouse eleven, a team that in the past has been a "patsy" for Hornell, New York, Raiders, reversed the tables Friday night and registered an outstanding 37 to 7 victory over the Raiders for their second victory of the season. Owls opened with a 45-0 win over Johnsonburg.

Warren Dragons will travel to Bradford October 17 for a night encounter.

The win proved that the Owls not only have starting strength but also bench strength and plenty of speed.

Bradford scored seven touchdowns, only six went into the books. Steve Simon dashed 90 yards, but officials saw clipping, depriving Simon of his efforts.

NO MORE SERIES TICKETS IN N. Y.

NEW YORK (AP) — The New York Yankees will accept no more orders for World Series box and reserved seats, ticket chief Jack White announced. They already have more orders than they can fill.

Still available are standing room tickets for each game at \$4.20 apiece, which may be purchased by mail or over the counter at the Yankee Stadium. Any remaining standing room and all 14,000 bleacher seats will be put on sale the day of each game at the stadium.

Officials said the task of returning about 25,000 orders that cannot be filled will get under way this afternoon.

Series To Start In Milwaukee on Wednesday Oct. 1

MILWAUKEE (AP)—Today the Milwaukee Braves open this town —lock, stock and beer barrel. Horn-tooting home town fans whooped it up Sunday evening, pausing only to welcome the National League champions when they flew in from Cincinnati.

The celebration started in Cincinnati's Crosley Field Sunday afternoon immediately after the world champion Braves clinched their pennant with a 6-5 victory over the Redlegs.

The triumph made the Braves hosts for the New York Yankees in the start of the World Series Oct. 1.

In Milwaukee, fans took to their cars to foot their way down Wisconsin Avenue, Milwaukee's main street.

YOUNGVILLE BEATEN Saegertown's Panthers stepped out of their league class Friday night and took a 20-14 decision from Youngsville.

The loss was heart-breaking for the Eagles who had hoped to make a comeback from a Lawrence Park defeat in their opener. A big game is coming up Saturday as they travel to Northern Area in a rival contest.

Trailing 14-21, Saegertown's Bill Cannon took off on a 70-yard touchdown jaunt late in the final period to pull out the victory.

Touchdowns: Youngsville — Fehlmann 2; Saegertown—Jobe, Brown, Cannon. PAT: Youngsville—McMeans 2 (kick); Saegertown—Cannon, Jobe (runs).

Sheffield Man Wins Grand Prix Prelim

WATKINS GLENN, N. Y. (AP)—Archie Means of Sheffield, Pa., maintained an average of 75.6 miles per hour in winning the Dix Cup for AC Bristol's Saturday in a preliminary to the Grand Prix sports car race. Means was clocked in 40-14.4 over the 50.6-mile course.

Between Daring and Drab Is  
Older Gal's Happy Medium

It's foolish for a woman to try to look like her teen-age daughter. But it's just as foolish for her to care so little about her looks and to dress so drably that she looks like her teen-age daughter's grandmother.

Mrs. B. is making that mistake. She hasn't changed her way of wearing her hair in 20 years. Pulled back severely from her face and twisted into a tight knot in back, it is far from flattering, now that it is completely gray.

She wears almost no make-up, and while a freshly scrubbed look may be charming on a young girl, few middle-aged women have enough glow to set it off.

Her clothes are so dull and drab it is a wonder how she could find them in these days of bright colors and unusual color combinations.

Now, Mrs. B. is an intelligent woman, and perhaps she feels she is above making the most of her appearance. But however intelligent a woman is, she isn't very bright if she makes that mistake. Husbands and children like to feel proud of "Mom." It gives them a feeling of pride to see her looking her best.

And it does something for a woman's personality to change her hair now and then, experiment with make-up, and to hunt for becoming colors and flattering fashions.

There's a happy medium between dressing too young for one's age and dressing too sedately for one's years. That's the happy medium any middle-aged woman ought to make a real effort to achieve.

The secret, of course, is change. The woman who refuses to change her appearance never manages to look like she did 20 years ago—but more than likely looks 20 years older than she is.

Unfaced Wish for 'Perfect' Child Can Lead to Trouble

On the phone the bright impersonal voice of our youngster's sixth grade teacher says, "Could you come to see me after school tomorrow? There's a little problem of Steven's I'd like to talk over with you."

After a moment we ask, "What sort of problem, Miss Barnes?" "One that I'd prefer to discuss with you personally," Miss Barnes says so firmly that we agree to the interview—and hang up.

The palms of our hands have broken out into a light mist of sweat. Our mouth feels dry. Under our breastbone, anxiety is fusing itself into the familiar, resisting lump of tension.

We sleep badly. The next day Steven's problem turns out to be evasion of fines on some overdue school library books. Relieved, we promise to do something about it—and forget all about those sweating palms, the tension under our breastbone, our restless night.

This is wasteful of us.

For those signs of anxiety have told us something we need to know about ourselves. They have told us that we are a mother who feels obliged to produce a problemless child. They've told us that the merest suggestion that Steven isn't functioning perfectly had the power to make us feel attacked and helpless.

By forgetting those painful symptoms, we are evading important knowledge about ourselves.

Unless we register the fact that we cannot produce a problemless child, we may go on for years responding with anxiety every time Steven gives evidence of one. If anyone criticizes him, our pride in his faultlessness will force us to react with fear and resentment. When he's rude, disobedient or deceitful toward us the pride will compel us to find excuses for him—and teach him to start finding them for himself.

So we'd better get on to what that resisting lump under the breastbone was really resisting yesterday—our self-imposed obligation to produce a perfect child.

Snaps from a traveler's album: In the thundering and dangerous dispute over the future of Formosa, one voice is seldom heard—that of the Taiwanese people.

They are the natives of the island.

They are a vivid people, eager, energetic and intelligent. Generally, they look Chinese. Yet many of them have distinctive features, possibly from intermarriage with Filipinos, Indonesians and other races.

Over the centuries, they have been ruled by the Portuguese, the Dutch, a Ming dynasty rebel, the Japanese, and now the Chinese Nationalists.

Today, some of the Taiwanese are talking independence.

How many is hard to say. During a recent assignment on Formosa, I didn't find a large, well-defined political movement. There is, however, much talk of a Taiwanese government, independent of both the Chinese Nationalists and the Chinese Communists.

This might be the solution, at some future date, for one of the most dangerous problems in the world—the powder-keg fact that the Chinese Reds have committed themselves to "liberating" Formosa, and the U.S. commitments to defend it.

Formosa is 120 miles from the China mainland.

It is the seat of the exiled government of Chiang Kai-shek. More than two million Nationalists fled there when the Communists swept over China.

They agree with the Communists on one point: Both maintain that Formosa is a province of China.

Nobody, so far as I know, has ever conducted a plebiscite to determine how the Taiwanese feel.

They could argue that, apart from the Portuguese, Dutch and Japanese, there have been others who denied the authority of China.

A very colorful guy, known as Koxinga, came to Formosa when the Manchus took over China from the Ming emperors. Koxinga was a Ming, a rebel, a pirate, or a patriot, depending on the point of view.

He blasted the Dutch off Formosa and made it his private preserve, a base for raiding the mainland. His castle, near the southern tip, is a fascinating souvenir of a fascinating man.

The Taiwanese might also recall that the people on Formosa declared it independent in 1955, when China ceded it to Japan. The Japanese, of course, did not agree.

Again in 1945, when the victorious Allies gave it back to China,

### News of Hollywood

HOLLYWOOD (AP)—Sgt. Preston of the Yukon has a new outfit to go with his scarlet jacket—a gray flannel suit.

Sgt. Preston, the handsome, stalwart peace officer of the Northern wilds is Richard Simmons. This week he was signed for another 26 TV shows in the series and as executive of the Jack Wrather organization too.

The new setup came about when Dick was up for renewal. TV tycoon Wrather took into account the actor's many trips to win friends for the show and his sponsor. "We ought to get more work out of this boy," Wrather declared.

So besides keeping the sourdoughs in line, Dick will serve as liaison between the Wrather Co. and the new stations and sponsors of the show, which is now going into syndication. He also hopes to get into the production end.

"This is just an extension of the work I used to do at MGM," he remarked in his Encino home. "I was signed as an actor, but I ended up emceeing all the studio's premieres, greeting exhibitors, recording 14 radio shows a week, etc."

So begins a new phase of a career that has had its ups and downs. "But I can't complain," he said. "It has been a good living."

There was an uprising, put down by the Nationalists in no uncertain terms.

Today, there are about eight million Taiwanese.

They go into Chiang Kai-shek's army as the Nationalist veterans, officers and men, reach the point where they go on reserve status. The Taiwanese compose between 20 and 25 per cent of the Nationalist force.

Are they loyal? Would they fight if the Nationalists ever attempt to return to the China mainland?

The Nationalists say indoctrination makes the Taiwanese fiercely anti-Communist and firm supporters of the Nationalist cause.

It is difficult to square this with the fact that some Taiwanese are talking independence.

He started in Hollywood back in 1940, when he was spotted in a Palm Springs rodeo. Louis B. Mayer had the Hardy, Kildare and Maize series going and envisioned an action series for Dick. But it never came about.

"Instead, they put me into drawing room parts," he recalled. "I wore out nine tuxedos."

Dick finally left the studio in 1952, when the freeze was on. Fortunately, TV was getting into full swing, and he started getting good roles in home-series dramas. He was doing well in TV and occasional films when doughty Sgt. Preston came along to monopolize his time.

### Oddities in the News

CHARLOTTE, N.C. (AP)—Rain which threatened the opening of Billy Graham's Charlotte crusade didn't worry the evangelist. Asked if the rain would cut attendance, Graham, who later had an overflow audience of 14,375, replied: "No, I think it might help. At least, it will drive the golfers in."

NEW ORLEANS (AP) — Nine-

year-old Glenda Prudhomme and her brother were playing in the family garage when she saw a shotgun on a table. "Is it loaded?" she asked. Six-year-old Larry replied, "No." As Glenda picked up the gun it discharged. The charge struck Larry in the side. He was dead when an ambulance got him to a local hospital.

OKLAHOMA CITY (AP)—K. C. Jones, 22, has started a three-year course at the University of Oklahoma School of Nursing. He's the only male in a class of 111 students, but it figures. Jones' girl friend, Sandra Kiester, is the only female in the University of Oklahoma School of Civil Engineering.

It costs one twentieth as much to arm a South Korean soldier to defend South Korea as it would to keep an American soldier there, says Eric Johnston, chairman of the Committee for International Economic Growth.
